WEATHER FORECAST

For 36 hours ending 5 p. m. Friday:

Victoria and vicinity—Westerly winds, generally fair, not much change in temperature.

Lower Mainland—Partly cloudy, with showers.

Victoria Daily Times

WHERE TO GO TO-NIGHT

Royal—The Whip.
Princess—A Pantomime Rehearsal.
Pantages—Vaudeville.
Dominion—Three Men and a Girl.
Variety—The Lion and the Mouse.
Columbia—Baree, Son of Kazan.
Romano—The Little White Savage.

VOL. 54. NO. 149 VICTORIA, B. C., THURSDAY, JUNE 26, 1919 EIGHTEEN PAGES

TREATY MAY BE SIGNED ON SATURDAY AFTERNOON

STRIKERS IN WINNIPEG FLOCK BACK TO THEIR JOBS AFTER IDLENESS

Rapid Progress Toward Resumption of Normal Business Conditions Seen To-day; Early Adjustment of Metal Trades Dispute Expected

Winnipeg, June 26.—In all phases of civic, industrial and commercial activity here rapid advancement toward resumption of normal business conditions was made this morning. Workers flocked back to their jobs in large numbers, and by the end of this week it is confidently expected that the bread, milk and ice deliveries, the street car system, the telephones and all other industries affecting the private citizen will be working normally.

While the sympathetic strike terminated at 11 a. m., the metal trades and building workers' disputes are not settled. However, it is likely that negotiations will be reopened and an early adjustment agreed upon.

Police officers were given until noon to sign the city's agreement and return to their old positions, it being stated that failure to sign would mean that each man, if he later should desire to return, must take chances as a new applicant.

A Commission.

Winnipeg, June 26.—In the course of a statement given out to-day dealing with the activities of the Provincial Government during the general strike, Premier Norris said:

"The Government now proposes to appoint a royal commission vested with full powers to ascertain the causes and effects of the strike and matters incidental thereto in the hope that the problems of labor and the difficulties of employers may be better understood, and that a sound and fair basis may be found on which matters in dispute from time to time may hereafter be adjusted.

"This step, of course, will not affect in any way any court proceedings.

"The Commissioner we have in view is H. A. Hobson and we are at present in communication with him."

Vancouver Situation.

Vancouver, June 26.—That the Vancouver strikers will refuse to return to work untill all the men arrested in Winnipeg in connection with the strike are released, was announced by Strike Leader J. Kavanaugh to-day. Mr. Kavanaugh stated that this decision was reached at a meeting of strikers held this morning.

The question has yet to be voted on, however, by the majority of the strikers.

Mr. Kavanaugh's statement reads as follows:

"At this morning's mass meeting the recommendation of the Strike Committee to return to work provided that there was no discrimination was placed before the membership, together with the telegram from Winnipeg relative to the cessation of the strike there. The membership by unanimous vote at the mass meeting refused to accept the Committee's decision and decided to remain on strike until the men arrested in Winnipeg are released.

"A mass meeting will be held in the Arena at 10 a. m. Friday to place the question before a larger number of the membership. A vote will be taken at this meeting as to whether or not they shall return to work."

Vancouver, June 26.—In all probability, it was asserted by both labor men and employers this morning, the general strike which has run a course of twenty-four days in this city as a sympathetic protest on the Winnipeg conditions, will be called off entirely by noon Friday. Provided that there is no difficulty encountered in the street railwaymen's return to work the cars will be running Friday before noon, and the meeting scheduled for Saturday will be dropped. This assurance was given by F. A. Hoover, business agent of the union.

No Discrimination.

Norman G. Neill, manager of the Employers' Association, said that he did not look for any discrimination against any employee returning to work, but he pointed out that there were several plants which were carrying more men than they could afford when the strike was called. He did not believe this would be grounds for a claim of discrimination on the part of the Strike Committee, which posted a notice at the Labor Temple calling off the strike "provided no discrimination was shown."

Hundreds of men returned to work yesterday and to-day without waiting for the formal announcement of the Strike Committee. At no time during the so-called general strike in Vancouver has the city been inconvenienced to any great extent. The street car service was the only public utility affected, and this was negatived by the running of jitneys. Wages lost in connection with the strike will form the greatest damage account.

Vancouver Civic Unions.

Vancouver, June 26.—At a meeting yesterday afternoon of the presidents and secretaries of the four civic unions—police, fire, outside and inside City Hall workers—it was decided to send a communication to Mayor Gale demanding the re-instatement of all outside civic employees who went on strike.

It was further decided that should the present trouble be satisfactorily adjusted the officers would undertake to lay before their respective unions a proposal that they enter into an obligation not to go out on sympathetic strikes in which the contend-

(Concluded on page 12.)

FIGHTING OCCURS IN STREETS OF BERLIN

Disorder Is Growing; Industrial Council in Control in Hamburg

London, June 26.—Disorders are increasing in Berlin, the Exchange Telegraph correspondent at Amsterdam reports. Many streets there are barricaded and there have been serious engagements between Government troops and mobs.

London, June 26. — Representatives of industrial councils have assumed full political and military power in Hamburg and are sitting in the town hall, according to advices from Berlin quoting newspaper advices received there.

General von Lettow-Vorbeck has been ordered to Hamburg with strong forces to restore order.

The stock exchange building at Hamburg, it is added, was seriously damaged in the fighting for possession of the town hall. The industrial commission reported in control there consists of twelve men.

Counter-Revolution.

London, June 26.—In military circles in Berlin the Exchange Telegraph correspondent at Amsterdam reports it is asserted that a counter-revolution will begin as soon as a Communist revolt against the Government is started.

Field Marshal von Hindenburg, in reply to a request from Minister of Defence Noske concerning the Allies' rejection of German reservations in the peace treaty, said that in the event of a resumption of hostilities, according to a Berlin dispatch, the Germans would be able to reconquer Posen and maintain the frontiers to the east, but hardly would be able to reckon on success in the west. Hindenburg is said to have added:

"A favorable issue to our operations, therefore, is very doubtful, but as a soldier I must prefer an honorable fall to an ignominious peace."

A dispatch filed in Berlin last evening and received here said that up until four o'clock yesterday afternoon the strike of railway workers had failed to show signs of spreading. The Federation of Railway Workers, the membership of which is 400,000, was

(Concluded on page 12.)

3,000,000 PAIRS OF AMERICAN ARMY BOOTS FOR SALE

Washington, June 26.—Efforts of the military authorities to dispose of surplus supplies of army shoes in France have been without success, the War Department was informed to-day, and instructions were requested regarding the return of the surplus to the United States. It was estimated that 3,000,000 pairs of shoes were available for sale.

MANY HOTELS IN IN STATES WILL GO ON SELLING BEER

New York, June 26.—Many restaurant and hotel-keepers will continue to sell beer and light wines after July 1 regardless of whether President Wilson declares demobilization completed and terminating the operation of the war-time prohibition act, it was learned after a meeting last night of the Society of Restaurant-Keepers.

F. W. HOHENZOLLERN GETS AWAY FROM DUTCH ISLAND AND RETURNS TO GERMANY

Paris, June 26.—Frederick William Hohenzollern, the former German Crown Prince, has escaped from Holland and made his way into Germany.

Paris, June 26.—News of the escape of the ex-Crown Prince of Germany from Holland caused a considerable stir in Peace Conference circles. While it is not felt that he is a figure around which the reactionaries and monarchists would gather enthusiastically, nevertheless his act is regarded as an event of considerable significance in view of the other German recalcitrancy.

Washington, June 26.—Confidential reports that the former German Crown Prince, and also probably the former Kaiser, would attempt to re-enter Germany after the signing of the peace treaty were received recently by Government officials here. This became known to-day after an Associated Press dispatch telling of the escape of the Crown Prince from Holland had been received.

Hints have come from Germany within the past few days that the military caste there would not be averse to bringing about a military situation within the former empire that would embarrass the Allies in putting the peace treaty into effect, and it seems not impossible that the move made by the ex-Crown Prince is connected with some such plan.

The former Crown Prince made his way into Holland shortly after the signing of the armistice last November and was interned there by the Dutch Government, taking up his residence on the island of Wieringen, in the Zeyder Zee.

GREAT CELEBRATION IN FRANCE JULY 14

Government Decides Victory Celebration Shall Take Place on That Day

Paris, June 26.—The French Government has decided that the official victory celebration by France shall take place on July 14.

July 14 is Bastile Day, the principal French holiday. It is also the anniversary of the beginning by the Germans in 1918 of their last drive toward Paris, which ended so disastrously for them through the staunch resistance and ultimate counter-attack by the Allies.

To Destroy Monument

Paris, June 26 (Havas) — Deputy Peyrou, of the Federated Republican Groups in the Chamber of Deputies, introduced a resolution in the Chamber yesterday calling for destruction of the German national monument on the Niederwald to punish German pride and as an answer to the destruction of the fleet at Scapa Flow and the burning of French battle flags of 1870.

Ukrainian Troops Advance and Break Armistice With Poles

Paris, June 26.—The armistice entered into several days ago by the Poles and Ukrainians has been broken by an advance on the part of Ukrainian forces, according to information received here to-day.

GERMANS NOT TO OPPOSE THE POLES

German Government Warned by Allies Regarding Areas Given to Poland

Paris, June 26.—The German peace delegation has been informed in a note from Premier Clemenceau that the German Government will be held strictly responsible for unofficial support of any movement against Polish authority in the territory given Poland in Posen and in East and West Prussia.

A German Proclamation.

Copenhagen, June 26.—Three presidents of eastern provinces of Prussia have issued a proclamation to the inhabitants of their districts expressing the deepest grief at the unconditional acceptance of the Allies' peace terms, but adding that the people "must not under the circumstances prevent the Government from fulfilling its word to the enemy."

"Regard for our compatriots who would have to bear the consequences of such action," the proclamation says, "makes it our hard duty to refrain from fighting for our right of self-determination and honor and to bow to the decision which has been taken."

Groener Resigns.

Berlin, June 25, via London, June 26.—(Associated Press.)General Groener, who succeeded Field Marshall von Hindenburg as Chief of the German Staff, has tendered his resignation to President Ebert, but has agreed to remain at his post until the situation in the eastern provinces becomes stabilized.

A MONTREAL DEATH.

Montreal, June 26.—Hon. Norman W. Trenholme, formerly a justice of the Court of King's Bench, died yesterday afternoon at his residence, "Rosemount" here. He was in his eighty-second year.

CREATION OF TRIBUNAL IS URGED BY COST-OF-LIVING COMMITTEE OF COMMONS

Ottawa, June 26.—Immediate creation of a tribunal with power to investigate mergers, trust monopolies and all matters affecting the cost of articles used by the people is recommended in an interim report presented to the Commons this forenoon by G. B. Nicholson, chairman of the Commons Cost-of-Living Committee. The Committee states that it has not yet had time to reach final conclusions and another report will be made later.

The report suggests that legislation bringing this tribunal into existence should be enacted at the present session of Parliament.

The Committee's report is as follows:

"The special committee appointed for the purpose of inquiring forthwith with as to the prices charged throughout Canada for foodstuffs, clothing, fuel and other necessaries of life and as to the rates of profit made thereon by the dealers and others concerned in their production, distribution and sale, also as to the rentals of dwelling houses in industrial centres of Canada and rates of return of capital invested therein, etc., begs leave to present the following:

"You Committee since its appointment on May 30 last has held thirty-six mornings, afternoon and evening sessions, has heard and considered evidence given under oath by sixty-six persons representing various producers, manufacturers, wholesale, retail and consumers' organizations from various parts of Canada, and has received numerous petitions, resolutions and other communications, all of which have been considered.

"Your Committee has been engaged almost continuously from June 5 last to the present date in obtaining all information possible from witnesses and all available sources but has not yet reached a point in its investigation that would warrant it submitting final conclusions. There has come to the attention of your Committee evidence in regard to the undue profits being made on certain commodities. Your Committee, in order to provide a means by which a recurrence of such may be prevented, and that the public may be protected against unfair practices in trade, recommends to the consideration of the House and the Government that legislation be enacted at this session of Parliament creating a tribunal with power to investigate mergers, trusts, monopolies or organizations of any kind or nature which tend to limit facilities for transporting, producing, manufacturing, supplying, storing or preventing, limiting or lessening manufacture or production, or fixing a common price, or a resale price, or a common rental, or a common cost of storage, or transportation, or enhancing the price, rental or cost of articles, rental, storage, transporting, or preventing or lessening competition in or substantially controlling within any particular district, or generally, production, manufacture, purchase, sale, transportation, insurance or supply, or otherwise restraining or injuring commerce or unduly enhancing the price of the necessities of life, also with regulative power in connection with discriminations in price between different purchasers of commodities, exclusive of purchase and sale arrangements inter-corporate shareholding and interlocking directorates and unfair methods in commerce."

VICE-PRESIDENT OF ARGENTINA DIES

Buenos Ayres, June 26.—Palagic B. Luna, Vice-President of the Argentine Republic, died here yesterday after an illness.

RELIEF FROM STATES.

New York, June 26.—The American Relief Administration distributed 316,698 metric tons of American foodstuffs among the famine stricken countries of Europe in April, according to a report from Herbert Hoover. The supplies were valued at $80,000,000.

BOARD TAKES OVER CARS IN TORONTO

Strike Cause Provincial Railway Board to Serve the Public

Toronto, June 26.—The Ontario Railway and Municipal Board this morning made an order taking over the Toronto Street Railway Company, and promised to commence the operation of the street cars, presumably with the employees now on strike, for the rush hours this afternoon. A conference is being held between the representatives of the men and the civic and provincial authorities to determine the basis on which the men will return to work.

R. C. Harris, Toronto's Commissioner of Works, has been named by the Board as provisional manager of the company.

GERMANS MAY AFFIX SIGNATURES TO PACT AT 3 P.M. SATURDAY

Efforts at Versailles to Have Ceremony Take Place Then; Council of Three is Semi-Officially Assured Delegates Will Be There

Paris, June 26.—Efforts were made to-day to arrange for the signing of the peace treaty at 3 o'clock Saturday afternoon. The Council of Three apparently is satisfied with the semi-official assurances that the German delegates would be on hand.

Although the unofficial intimation received was that the German signatories probably would be Hermann Mueller, the Foreign Secretary, and Giesberts and Leinert, of the old delegation, it developed to-day that Giesberts, who had remained in Versailles for a time, had left there for Germany. A third man will be named, however, to accompany Mueller and Leinert, it is indicated.

Berlin, June 25.—Via London, June 26.—(Associated Press).—Hermann Mueller, the new Foreign Minister, and Dr. Bell, the Colonial Minister, it was announced to-night, have been selected as the German envoys to sign the peace treaty. They will leave Berlin Friday.

Mueller Declines.

Berlin, June 26.—(Associated Press). —The Tageblatt, of Berlin, says that Mueller, Minister of Foreign Affairs, was urged to accept the assignment to go to Versailles but has declined on personal grounds.

"The best and most natural solution of the situation," the paper continues, "would be to have Mathias Erzberger set his name to the peace treaty. He, however, is evidently not inclined to draw the logical conclusion from the peace policy he has been pursuing in recent months."

The Tageblatt also states that it has been suggested that a commission of officials who were outside the pale of politics, or former members of the diplomatic corps should be appointed, provided such individuals would accept the assignment.

Ultimatum Spoken Of.

Paris, June 26.—(Associated Press). —It is understood that if no official communication is received by nightfall from Berlin respecting the plans of the German Government for signing the peace treaty, something in the nature of an ultimatum will be sent to Berlin by the Peace Conference. Up till 11.25 o'clock this forenoon nothing had been heard from Berlin, and the conference was in complete ignorance as to Germany's plans.

Paul Dutasta, Secretary of the Conference, went to Versailles this morning seeking information. He was informed by Dr. von Haimhausen that the German signatories, who probably would be Mueller, Giesberts and Leinert, might arrive by Saturday, but he was unable to speak authoritatively on the subject.

Chinese and Shantung

San Francisco, June 26. — Chinese from several California cities participated last night in a parade through the Chinese quarter here as a protest against the granting of the Shantung Peninsula to Japan. The parade was followed by a mass meeting at which a movement to arouse among the Chinese residents sentiment in behalf of the Chinese Republic was launched.

American Senate.

Washington, June 26.—Failing to command the united support of the opponents in the Senate of the League of Nations, the proposal for an immediate declaration of peace by Congress was blocked yesterday in the Senate Foreign Relations Committee.

After a long and lively discussion the Committee voted 12 to 4 to defer action for the present on the resolution of Senator Fall, Republican, New Mexico, embodying the peace declaration. Five Senators opposing the League, including Chairman Lodge, joined the League advocates in supporting the postponement motion. Besides Mr. Fall those voting for immediate action were Senators Borah, Idaho; Johnson, California, and Moses, New Hampshire, all Republicans.

STRIKERS DELAY THEIR DECISION

But Have Received Word From Winnipeg Now; Mass Meeting to Decide

Waiting to hear officially from the Winnipeg strikers that they were about to go back to work, the Metal Trades Council at a meeting yesterday, delayed the calling off of the local strike. This morning, however, a telegram was received from the Winnipeg Strike Committee stating that the strike there would end at eleven o'clock to-day. Thus there is no apparent obstacle, therefore, to prevent a mass meeting this afternoon from deciding to return to work to-morrow.

While the mass meeting will probably decide to end the strike, the date of the men's return to work is in doubt. Some of the strikers favor recommencing work to-morrow morning at the usual time, while others do not wish to see the walk-out concluded until the Vancouver strikers have called off their strike at noon.

The longshoremen, who are also out in sympathy with the Winnipeg strikers, will probably return to their jobs at the same time.

FREIGHT TRAFFIC IS TO BE RESUMED NOW

Mr. Oliver Advised C. N. R. Is Prepared to Link Victoria and Sidney

From to-day, and until it is possible to make other arrangements for the permanent resumption of the service, the Canadian National Railway is prepared to provide the necessary freight facilities between Victoria and Sidney. This decision was transmitted to Premier Oliver this morning by D. O. Lewis, Resident Engineer for the Government road on Vancouver Island.

No provision has yet been made in respect of passenger traffic and up to the present there have been no pressing requests in this connection. A number of plans are in a more or less nebulous stage but until one of them materializes this branch of the Victoria and Sidney service will have to remain in abeyance.

One solution pointed to the possibility of the British Columbia Electric Railway Company taking over the line and operating it from the nearest point of contact to its own system in Saanich. It is understood, however, that very little progress was made.

The possibility of utilizing the neglected tracks for a motor service, with returned soldiers initiating the enterprise, may be probably discussed again as soon as additional particulars of the scheme are assembled. Should this proposal reach fruition the service would consist of two high-powered motor trucks, one outfitted to carry passengers to the number of thirty or forty, and the other for the handling

(Concluded on page 12.)

GERMAN CAPTAIN FAILED TO SALUTE ALLIED OFFICER; FINED

Coblenz, June 25, via London, June 26.—(Associated Press.)—Captain Bachhauser, assigned by the German army to duty in Coblenz, was fined 1,000 marks to-day for refusing to salute an American lieutenant. The captain contended the war was over and that, anyway, the regulations did not call for his saluting officers of lower grade.

American officers say that after the treaty of peace is signed the regulation issued last December compelling German officers to salute probably will not be enforced. Civilians generally have seemed relieved as a result of the action of the German National Assembly at Weimar in reference to peace.

FAST FLIGHT.

New York, June 26.—A record flight from Atlantic City, N. J., to New York was made yesterday when Lieut. Kenneth H. Murray, formerly of the American army air service, piloted a Sopwith "camel" over the route, doing the 140 miles in sixty-one minutes.

ALLIED POWERS TO EXACT REPARATION FROM GERMANY FOR WAR CRAFT SENT DOWN

Paris, June 26.—Germany has been notified in a note sent to-day by the Allies that they possess the right to punish the persons responsible for the destruction of the German ships and to collect reparation for the loss. The sinking of the fleet is denounced as a violation of the armistice and a deliberate breach in advance of the conditions of peace.

When the investigations have been completed, the note states, the Allies will exact "the necessary reparation."

The text of the note, which was sent to the German peace delegation, follows:

"June 25, 1919.

"Mr. President:—The terms of the armistice signed by Germany on November 11, 1918, provided as follows:

"Article 23.

"The German surface warships which shall be specified by the Allied and Associated Powers shall forthwith be disarmed and thereafter interned in neutral ports, or, failing them, in Allied ports designated by the Allied and Associated Powers. They shall there remain under supervision by the Allied and Associated Powers, only care and maintenance parties being left on board.'

"On June 21 the German warships which had been handed over to the Allied and Associated Powers, at anchor in the roadstead at Scapa Flow with the German care and maintenance parties on board as provided in the armistice, were sunk by these parties under the orders of the German

(Concluded on page 12.)

LIST OF SAILINGS AND SOLDIER PARTIES ARRIVING.

Revised to Noon, June 26.

The C. P. R. special 783, from the S. S. "Aquitania," with 6 officers and 113 other ranks for Victoria, is expected in Victoria on this afternoon's boat for disposal.

The C. P. R. special 1613, from the S. S. "Scotian," with 4 officers and 179 other ranks for M. D. 11, left Calgary, Alta., at 9 a. m. this morning.

The special hospital train 425, C. P. R., left Medicine Hat, Alta., at 7 p. m. yesterday.

ROSSLAND MINER SAYS LONG SEARCH AT LAST REWARDED

Was Eight Years Finding a Medicine to Reach His Case He Says

"I was eight years finding a medicine to suit my case but, thanks to Tanlac, I have found it at last," said J. Swansen, a miner, of Rossland, B. C., while in Vancouver recently.

"I had no appetite to speak of," continued Mr. Swansen, "and was bothered a lot with indigestion. Many a time when I would sit down to a meal I would only eat a mouthful or two, because I was afraid if I ate more it would make me suffer afterwards. It just seemed like nearly everything I would eat would sour in my stomach, form gas and I would have cramps so bad it looked like they would double me up with pain and sometimes these pains would move up into my chest and I would feel like I couldn't get my breath. At times I was troubled a good deal with terrible headaches, and was so nervous that the least little noise would startle me and I hardly ever got any sound sleep, but would wake up lots of times during the night and when I would get up in the morning I would feel so tired and worn-out I didn't seem to care whether I went to work or not.

"I had tried almost everything I could get for my trouble, but nothing I took helped me, and I finally got so weak and run-down I was hardly able to work. Then I got hold of Tanlac, and I hadn't been taking it long till I got to feeling better and now, after taking five bottles of Tanlac, I can eat anything I want and am never bothered a bit with sour stomach or gas. I haven't had a headache since I started on Tanlac, don't feel nervous any more, I sleep better than I have in a long time, and I don't have that tired feeling like I used to; in fact, I just feel like a different person in every way, and am so proud over the way I have been helped by Tanlac that I am glad to say a good word for it."

Tanlac is sold in Victoria by N. E. Campbell, corner Fort and Douglas—Advt.

MILITIA MEASURE PASSED AT OTTAWA

House of Commons Gave Army Bill Third Reading Yesterday Afternoon

OTHER BILLS DEALT WITH; A BUSY DAY

Ottawa, June 26.—The Commons gave third reading yesterday afternoon to the bill to amend the Militia Act. This was after Mr. Robb, Liberal member for Chateauguay, Quebec, had moved an amendment that the bill should be referred back to the committee for the purpose of striking out Clause 1. This clause provides for an increase in the permanent force of Canada from 5,000 to 10,000. A division on the amendment resulted in its defeat by a majority of fifty-nine. W. F. Nickle voted for the amendment.

Third reading was given to the bill to amend the Canada Shipping Act, to the bill to amend the Business Profits War Tax Act, and to the bill to amend the Income War Tax Act.

Second reading was given to the bill to amend the Customs Tariff Act, and the House went into committee on this bill.

Mr. Archambault moved an amendment that oil for asphalt should be admitted free. He said the Government had been urging the provinces to make good roads, and he thought putting the oil on the free list would help the movement.

Revenue.

Sir Thomas White, opposing the amendment, urged that it was necessary that the 7½ war duty should be retained except as on such articles as food and clothing, from which it had been removed. There was urgent need of revenue, and he expressed the fear that the revenue might not meet the current expenditure, let alone capital expenditure.

The amendment was declared lost.

In regard to the three-cent reduction in duty on British teas, F. Lapointe suggested that it be made applicable to teas in stock in Canada.

Sir Thomas White replied that consideration might be given to tea which had not been taken out of bond. With regard to stock held out of bond in Canada, he did not think it practicable to give effect to the suggestion.

Mr. Robb said that in justice to the millers, flour milling machinery, oils required for flour mills, leather belting and bags should be put on the free list. He also remarked that while wheat had been placed on the free list, there was a duty on bran and shorts, although they were going into the United States free. This, Mr. Robb said, was not in the interest of the dairying industry in Canada.

Sir Thomas thought that the question had better be taken up at the time of the general tariff revision.

Tinplate.

Mr. Copp said he had received communications from canners urging that tinplate should be put on the free list.

Sir Thomas said he had received representations from the canners to the same effect, but he thought the canners were doing very well and there was no reason why they should complain. Further, the duty on tinplate was helping in the establishment of a tinplate industry in Canada.

Hon. R. Lemieux asked Sir Thomas white to look into the question of placing implements used in early mining operations on the free list, or at any rate reducing the tariff on these implements.

Sir Thomas White replied that if Mr. Lemieux would send him a list of the implements in question, he would give the matter his consideration.

Freight Rates.

Ernest Lapointe said that he had been informed that a reduction in freight rates on agricultural implements, provided that the tariff revision did not go into effect until September 1, had been agreed upon.

Sir Thomas White replied that most of the agrilultural implements already had been sent west. September 1 had been agreed on by the manufacturers and railways as the date when the new freight rates would come into force.

The only people who suffered because the rates did not go into force earlier were the manufacturers.

The changes in tariff on agricultural implements had gone into effect as from June 6.

Sir Thomas White moved an amendment, the effect of which will be to take off the 7½ per cent. on cottonseed oil and velveteen, a cheap fabric used in the manufacture of clothing. He explained that cottonseed oil is used in the manufacture of cottelins and that as the duty had been taken off finished fabrics, it had been decided to remove it from velveteen, which constituted a raw material.

Pensions.

Hon. N. W. Rowell moved a resolution, on which the bill dealing with the increase in pensions recommended by the special commission is based. The resolution was passed on the understanding that there would be a full discussion in committee.

The bill, Mr. Rowell explained, would give executive effect to the report of the Comittee on Pensions.

During the last year strong representations had been made that pensions given to soldiers with families were not adequate.

In January last, by Order-in-Council, the amount allowed for children and orphaned children had been increased. Such legislation should be embodied in the statutes and that was one of the objects of the bill under discussion.

Personal Care.

The House received with signs of approval the Minister's statement in explanation of the increased attempts that had been made for the personal care of soldiers who have been permanently disabled. In this case the amount had been increased from $300 to $450, making the pensions for a soldier totally disabled, including the war bonus provided by the bill, $1,170. In the case of a married man, the sum would be larger.

Mr. Rowell explained that the Committee had decided to bring the pensions of non-commissioned officers to a standard equal to that of the privates. A statement by the Minister that the earnings of widowed mothers would not in future be deducted from the amount of their pensions was greeted with applause by the House, as was also his statement that insurance provided by the municipalities would not be taken into account in connection with the awarding of pensions.

Allied Reservists.

The Minister fully explained the recommendations of the Committee to make provision whereby pensions of dependents of Allied reservists domiciled in Canada at the beginning of the war and still residents of this country, will be placed on a parity with Canadian pensions of dependents.

Mr. Macmaster made a plea for the naturalized citizen of this country who had returned to the country of his birth to fight for the Allies. He said such a man was entitled to some consideration by the Canadian Government.

Mr. Rowell promised consideration in such cases. The demand upon the country in connection with pensions would be very great.

The resolution was passed, and a bill based on it given first reading.

Third reading was given to a number of bills, including one to amend the Canada Shipping Act, and the bill to transfer the copyright branch to the Department of Trade and Commerce.

At a late hour the House went into committee on supply, and made good progress with the voting of the estimates.

Estimates voted before the House rose included the $25,000,000 covering the soldier land settlement scheme for the current financial year, and upwards of $3,000,000 for Dominion lands and parks.

Alpine Club.

Mr. Macmaster strongly objected to a vote of $1,000 for the Alpine Club of Canada. With the finances of the country in their present condition, Mr. McMaster could not see why such an expenditure should be made to encourage Alpine climbing.

Mr. Meighen replied that the grant was a business investment. The club performed a valuable work in surveying glacial and mountainous regions and its literature was circulated throughout the world, encouraging tourist traffic.

Judges' Act.

Hon. Arthur Meighen introduced a bill to amend the Judges' Act. The bill includes the salaries of county court judges, increasing them from $3,000 to $4,000. King's bench judges of the Western provinces and of Nova Scotia and New Brunswick will receive an increase of $1,000, wherever that is necessary to place them on a level with judges of corresponding rank in Ontario and Quebec. The bill provides for an additional judge for the Exchequer Court.

Railway Bill.

Hon. J. D. Reid informed the House that the conference between members of the Commons and Senate on the railway bill had been held. The Senate, he said, had refused to accept the amendments of the Commons to clauses 374 and 376, respecting the powers of companies and the erection of poles and lines within municipalities.

Hon. Rodolphe Lemiex asked what the Government proposed to do in view of the deadlock between the Senate and the Commons on this important bill.

The Minister of Railways replied that the matter was now under consideration.

Later Dr. Reid moved that the report of the members appointed to confer with the Senate on the consolidated railway bill, and read by him earlier in the day, be concurred in. He did this, he said, so that the bill could be restored to the order paper.

McQuarrie Spoke.

W. G. McQuarrie, New Westminster, asked leave to speak on the motion before the House. Clause 325, he said, dealt with the jurisdiction of the Railway Commission in the matter of fixing railway rates. As amended, it had the effect of wiping out all agreements made between municipalities and railways regarding rates. In his constituency an agreement regarding rates had been arrived at between the municipalities of Burnaby and an electric railway company. The company, desiring to charge higher rates, had appealed to the Railway Commission, and in spite of the agreement still in force, had secured the sanction of the Commission to increase the rates. The Railway Commission, however, had granted the municipality the right to appeal from the ruling, and an appeal was now before the Supreme Court.

Would Fail.

Mr. McQuarrie took the ground that if the amendment were carried this appeal would fall to the ground, because the Railway Commission would receive the right to settle all matters regarding rates, even when an agreement of the kind he spoke of was in force.

It was finally agreed to let the motion stand, to be discussed later.

Dr. Reid then made a formal motion, which commenced with a declaration that the Clerk of the House be instructed to inform the Senate that the House insisted upon the adoption of Clause 325 and setting forth at length the proposals of the Commons in regard to the other clauses in dispute.

Soldier Settlement.

The House then went into committee for further consideration of the Soldiers' Settlement Bill.

H. M. Mowat asked whether the Government had given any consideration to a resolution moved in the Senate providing for the erection of model villages for soldiers.

Hon. Arthur Meighen replied that this matter did not come under the bill which was being discussed. Personally, he believed that assistance of this kind to the soldier should be given by the local Governments, with the possibility of some assistance from the Federal Government. The Government's housing scheme rested on that basis.

On the motion of the Minister of the Interior, amendments were inserted in the bill making special provision for settlement on small hold-

(Concluded on page 3.)

ELEVATOR OPERATORS TAKING EXAMINATION

Vancouver, June 26.—Elevator operators are now presenting themselves for examination in order to comply with the legislation passed at the last session of the Legislature, which requires that all operators of passenger elevators shall be licensed, and before being licensed must pass tests in competency.

The examinations were opened in the court house here yesterday, and it will take two weeks before the examination of all candidates is completed in Vancouver, after which examinations will be conducted in other centres.

It is expected that 500 operators will require to be licensed in Vancouver, so many concerns having to run double shifts, and the janitors who handle the cars also are required to take out licenses.

Some employers evidently did not follow the passage of the legislation through the House, for they have been surprised to learn that no license can be issued to any person who is not a British subject. These provisions will run up to the cost of elevator service in many cases, especially the clause removing operators under the age of eighteen years. With the employment of people eighteen years old, the minimum wage act comes into operation. Potentials who surmount the requirement of being a British subject will run into a further difficulty in having to pass the written examination. This examination is intended to ascertain the operator's knowledge of the safe handling of the car.

WATT STATES LAW AND ORDER MUST PREVAIL IN AUSTRALIA

Melbourne, Australia, June 26.—Outlining the political and industrial situation of the Commonwealth, Acting Prime Minister Watt, in a public address, declared that the Government would stand for the settlement of labor disputes by law and order under the present circumstances rather than by the use of brute force.

"The people have expressed their will by the laws of the country," he added, "and they will not allow any force, however arrogant or powerful, to usurp the function of the Government or to challenge the forces of the Government.

After reviewing the break which occurred in the Labor Party over the first conscription issue, and the resultant union of the forces of the National Labor Party, led by Rt. Hon. W. M. Hughes, the present Prime Minister, with the more numerous Liberal Party, Mr. Watt said:

"The only safety for the country rests in the reaffirmation of this union, so that the two may be a national party in fact as well as in name."

CANADIAN CATTLE AND BRITISH MARKET

London, June 26.—Replying to a deputation urging the removal of the embargo on the importation of Canadian stocker cattle, the President of the Board of Agriculture admitted that there was no ground for the embargo on account of disease, for the Canadian herds were the healthiest in the world, but if the Board should obtain the power of admission they must refrain from using it owing to the present labor difficulties.

It is a poor consolation to the girl who has been stung by a bee to know that bees are partial to sweet things.

Summer Frocks

SHOE COMPANY HAS SMALL DIVIDEND

President of Ames-Holden Says One and Three-quarter Per Cent. This Year

Ottawa, June 26.—T. H. Reider, president of the Ames-Holden-McCready Company, manufacturers of boots and shoes, told the Commons Cost-of-Living Committee yesterday that his company had not been able to pay dividends on its common stock, nor had a dividend been paid on the preferred stock, for five years, but that a dividend of 1¾ per cent. would be paid this year.

He said that the market for leather was very high at present and it was difficult to get supplies. In January and February the surplus leather had been bought up and taken out of the country by British buyers.

He stated also that the quality of leather had become gradually inferior during the last few years. Branded hides were one cent a pound lower in value than unbranded.

No combination existed among the boot and shoe manufacturers and there never had been one, he declared.

Asked as to the prices of the highest quality women's shoes, Mr. Reider said:

"The sky is the limit for ladies' boots to-day."

The reason was because they wanted style. White kid shoes of the highest grade were sold to the retailers by his company at $10.50 per pair.

"What is the retail price?" asked Mr. Reid.

"As much as they are willing to pay," was the answer.

"They pay for the fashion?"

"They pay for fads."

Prices Raised.

The witness said that his company had raised prices on June 1, and on June 15, and would have to raise them again. In three months the price of calfskin had nearly doubled.

Replying to a question by Mr. Devlin, witness stated that from 1913 to 1919 the company had made $1,533,653 on a capitalization of $7,000,000.

Mr. Davis asked if the shoe trade was taking part in overseas trade secured by Government credits, and if this had a tendency to make the price of shoes higher.

Mr. Reider replied that the demand from overseas was principally for boots of medium quality.

Rubber.

Mr. Reider stated that the United Rubber Company controlled the stock of the Canadian Consolidated.

He also said that during the past few years the cost of crude rubber had declined. In 1912 it was $3.10 a pound, and it was now thirty-nine cents a pound. The most of rubber goods had not advanced in the same ratio as leather goods, and had not gone up to the retailer more than twenty-five per cent. The prices charged by different firms for their rubber goods were the same. The largest companies made their prices and the others followed. The cost of producing was greater than before the war.

Boots.

As to the Ames-Holden-McCready Company, he stated that the average percentage of profit in the last four years had been 2.6. The profit on a pair of boots was a little over thirteen cents. War orders since 1916 had amounted to the sum of $3,203,905, and the profits had amounted to $86,044.

Kitchener Company.

Mr. Detwiler, of the Hydro City Shoe Manufacturing Company, of Kitchener, Ont., which has been in business for twenty-nine years, declared that the company's profits had not quite averaged six per cent. The profit on a pair of shoes was less than ten cents.

So far as his line of goods was concerned, the tariff had no effect on prices. There might be competition if the tariff was removed, but prices would not drop.

Wright Company.

Thomas Sullivan, of E. T. Wright & Company, St. Thomas, who was complimented both by counsel and members of the Committee on the clearness and definiteness of his statements, said his company was a branch of an American company of Brockton, Mass. It had been doing business at St. Thomas since 1912. Until 1916 the losses had amounted to $47,743, but since 1916 the gains had been $43,354. The profits in recent years had been due to the larger volume of business and the rise in prices.

He stated that the average profit was eight per cent. on the turnover.

As to materials, some lines were about the same price in Canada as in the United States, but in other lines the prices were from thirty to forty per cent. lower across the border. His company sold direct to retailers.

SUCCESSFUL ROSE SHOW AT DUNCAN

Prize List of Event Held By King's Daughters There

Duncan, June 26.—The first rose show put on by the King's Daughters in Duncan was held in the Agricultural Hall yesterday afternoon and was very well attended.

The following is the prize list:

Three vases of hardy garden flowers—1, Mrs. F. S. Leather; 2, Mrs. Townsend.

Collection of hardy garden flowers, excluding roses—1, Mrs. J. H. Townsend; 2, Mrs. Alington; 3, Mrs. Elkington.

Collection of flowering shrubs—1, Mrs. F. H. Price; 2, Miss Maud Wilson.

Collection of roses — 1, Mr. Humphries; 2, Mr. Alington.

Collection of pansies and violas—1, Mrs. A. Herd; 2, Miss Lois Rudkin.

Collection of annuals—1, Mrs. Elkington.

Three vases of annuals—1, Mrs. Elkington.

Three vases of roses — 1, Mrs. Leather; 2, Mrs. Smilie.

Table decoration—1, Miss B. M. Hall; 2, Mrs. Garrard; 3, Mrs. R. Musgrave.

Collection of Campanulas and Canterbury Bells—1, Mrs. F. H. Price; 2, Miss I. Rudkin.

Bowl of sweet peas—1, Miss G. Marriner.

Bowl of roses—1, Mrs. Smilie; 2, Mrs. Musgrave.

Bowl of wild flowers—1, Mrs. F. H. Price; 2, Miss B. M. Hall.

Bouquet of garden flowers—1, Mrs. F. H. Price; 2, Mrs. C. F. Walker.

Vase of Gloire de Dijon roses—1, Mrs. Elkington; 2, Mrs. Leather.

Three best specimen roses—1, Mrs. Alington; 2, Mr. Cresswell.

Collection of wild flowers—1, Mrs. C. F. Walker; 2, Miss Irma Rudkin.

One quart of green peas—1, Mrs. C. F. Walker; 2, Mrs. Leather.

Three heads of lettuce—1, Mrs. C. F. Walker; 2, Mr. Rudkin.

Collection of vegetables—1, Mrs. F. S. Leather.

One pint of gooseberries—1, Mrs. G. O. Day; 2, Mrs. Leather.

One pint of strawberries—1, Mrs. F. S. Leather.

Collection of paintings of wild flowers—1, Mrs. Garrard; 2, Miss E. Hopkins.

Children's Division.

(Under Seventeen Years of Age.)

Collection of twelve of the worst noxious weeds of the district mounted and named—1, Ulrica Norie; 2, Ruby Halpenny.

Life history of two noxious insect pests of the district—1, Marjorie Norie; 2, Winnifred Calvert.

Bowl of flowers—1, Irma Rudkin; 2, Enid Garrard.

Table decorations—1, Everald Hopkins; 2, Irma Rudkin.

(Under Thirteen Years of Age.)

Model Camp—1, Edith King; 2, Gwen Hopkins.

Bowl of Flowers—1, Frances Musgrave; 2, Edith King.

Table decoration—1, Frances Musgrave; 2, Margaret Hopkins.

The judges were Mr. and Mrs. F. B. Pemberton, of Victoria; and Mr. G. O. Day, of Cowichan.

The collections of garden flowers were considered exceedingly good. In Mrs. Townsend's first class collection were included very fine irises, campanulas, clematus, delphiniums, lupinus and various very fine rockery plants, single pyrethrums, and magnificent poppies were also among her collection of over sixty varieties of flowers.

Among the roses, the "Daily Mail Rose" and "Mrs. Herriott" shown by Mrs. Alington were the most beautiful single specimens.

Table Decorations.

Of the table decorations, that of Miss B. M. Hall was very exquisite with a dainty arrangement of single peonies, eschscholtzias grasses, heuchera, lupinus and poppies in blending shades of pink, mauve and white.

The children's tables were very pleasing. One done in wild roses was especially dainty and two done with geums and grasses and ferns were quite striking.

Blue Woodruff, cornflowers, wild columbines with bronze leaves were the decorations of Mrs. Garrard's second prize table.

The third table, by Mrs. Musgrave, was of beautiful shades of William Allen Richardson roses, toning in with echrimacarpus and ferns.

Tea was under the direction of Mrs. Fry, with helpers. Miss B. M. Hall and Mrs. Findlay did a most successful trade in the sale of baby wear and lingerie. Miss R. Alexander managed a hoop-la and Mrs. Henderson and Mrs. Miller were in charge of the ices.

In the loan exhibit, in charge of Mrs. Leather and Capt. the Rev. F. L. Stephinson, were a splendid collection of war exhibits, helmets, shell cases, gas helmets, water bottles, work done by men in the trenches, piece of the Hindenburg line, old laces of various kinds, miniatures and silhouets, wood carving, Japanese embroideries and various curios from India and China were shown.

Queen Alexandra Rose Day collections were held during the day, the intakings for both the flower show and the tags to go to the hospital.

Inspection of Cattle.

W. T. Brookes, of the Provincial Department of Agriculture, is inspecting the cattle of the city and district for tuberculosis. The cattle within city limits have stood the test exceedingly well, hardly any diseased ones having been found. Throughout the district, excepting for an odd lot or two of infected cattle, the average has probably been not more than one animal in a dozen herds. The inspector is greatly pleased with the high standard of the cattle of Cowichan.

MILITIA MEASURE PASSED AT OTTAWA

(Continued from page 2.)

ings of blind men or men otherwise seriously incapacitated, providing that flying men who enlisted and who did not leave the United Kingdom should come under the bill, and providing also that the loan to a man who owns his own land should be raised from $2,500 to $3,500.

The committee then reported the bill, which now stands for third reading.

Vancouver Harbor.

The House then went into committee on the bill which provides for a loan, not exceeding $5,000,000, to the Vancouver Harbor Commission. Hon. C. S. Ballantyne emphasized the importance, and necessity of improving the port of Vancouver. He said the necessity for improvements would be still greater when the Canadian merchant marine was finished.

Hon. Rodolphe Lemieux expressed the opinion that steps should be taken to try and obtain a decrease in the freight rates between Vancouver and Yokohama. Vancouver, he said, should develop into one of the great ports of the Pacific Coast if she was not handicapped by high freight rates. The route from Vancouver to Yokohama was shorter than that from ports in the United States to Japan. Mr. Lemieux read quotations from Japanese trade reports to show what an extensive trade had developed between Canada and Japan. He thought the latter country would constitute a fine market for the products of the great Canadian West.

D. D. McKenzie, Leader of the Opposition, asked whether the Government would keep a check on the work which was to be done in Vancouver harbor.

The Minister of Marine replied that the Government would engage the best marine engineer possible to draw up specifications of the work which would be done. Tenders on the work would be submitted to him, and if satisfactory the lowest tenderer would get the contract. The greatest care would be exercised by the Department to see that the work was well done.

Mr. Ballantyne paid a tribute to the work of the present Vancouver Harbor Commissioners. He said, however, that he thought it would be necessary to appoint a new chairman before long, and he thought a returned soldier also should be appointed to the Commission.

Mr. McKenzie said he noticed the loan was secured by debentures. What security, he asked, was given for the debentures?

The Minister of Marine replied that in the cases of Montreal and Quebec, the Government had found it necessary to take up these debentures as they matured. However, he was going to arrange with the Commissions at these ports as well as as Vancouver, to establish sinking funds in order that the debentures might be retired when they fell due.

The bill was reported and stands for third reading.

In the Senate.

Ottawa, June 26.—In the Senate yesterday the Government's supply bill was given a second reading, Senator Bostock, Liberal Leader, congratulating the Government for the detailed form in which the bill had been presented to the House. Senator Nicholls, however, said that he agreed with Senator Ross that the Senate should give more careful supervision of the Government's financial measures and gave notice that he would move to amend the Senate rules so as to provide for a Finance Committee to deal with all money bills.

In committee on the bill providing for the control of immigration into Canada, Senator Bradbury offered an amendment designed to forbid the entry into Canada of Russians or citizens of enemy countries.

A number of Senators objected to the provision that the refusal of admission should be left to Order-in-Council and to the decision of Immigration officials.

On the suggestion of Sir James Lougheed, the bill was held for further consideration to see if an acceptable understanding could be reached.

CHRISTIE'S SUMMER SHOE SALE

A "Genuine Sale" of Reliable Footwear. Every Pair of Shoes in Our Large Stock Is Selling at Reduced Prices. See Our Windows and Compare Values. Don't Miss This Opportunity.

SOME LESSONS.

The Winnipeg strike has done more than demonstrate the futility of any attempt to establish soviet rule in the place of representative government institutions in Canada. To an overwhelming majority of the Canadian people this required no demonstration; by only a handfull of the population was such a lesson needed. This aspect must now recede to the rear of the stage and other issues and problems, emphasized by the strike, call for attention.

Among the things the Winnipeg strike and the sympathetic demonstrations elsewhere have sharply accentuated is the intense resentment of the public against callous profiteering in the necessaries of life, which requires no inquiry by a special committee of the House of Commons to prove. Had it not been for this reign of greed and extortion during the last four or five years the Red campaign which came to a head at Winnipeg never would have had a start. The appeals of agitators and the twaddle of their various organs of publicity would have been sufficient to kill the revolutionary movement at its inception.

The proportion of strikers and sympathizers who subscribed to the soviet programme was very small. At the root of the action of the majority lay the excessive cost of living and other disabilities which the Government has made no serious effort to correct. If that majority had been under any other flag than the Red flag; if it had been differently led and had adopted different methods it would have had the public heartily behind it. Let there be no mistake about that. If the strike had been really against profiteering, instead of possessing a political objective, its supporters would have comprised nine out of ten of Canada's population.

A few days ago Mr. Rowell, President of the Council, was reported to have attributed the unrest in Canada to neurasthenia, or "nerves." If the Government shares this view it is not difficult to ascertain where the neurasthenia lies, for it is plainly in the grip of a great delusion. There is nothing imaginary in the fundamental causes of unrest, in the grievances which demand strong Government action. The sordid revelations before the Special Committee of the House of Commons prove this, if proof be needed. Those revelations show that rather than decrease the prices of their products or restrict their profits to what before the war would have been a very satisfactory percentage, the concerns under investigation, dealing in food and clothing, resort to all sorts of devices to enrich themselves still further. These are not hallucinations, the vague fancies of the neurasthenic mind. They are the cold, hard, facts disclosed on oath before a Parliamentary Committee.

This is the sort of thing the Government must stop. Until it has been stopped there will be economic and social unrest and Red agitators will have an ever-increasing field for the propagation of their preposterous ideas. Commissions which end nowhere and Orders-in-Council which are not enforced are merely additional sources of irritation. The public is as sick of Commissions as of Orders-in-Council that begin and end with their publication in The Canada Gazette.

There are two remedies which at once spring to mind, but they appear to be among those that the Government is avoiding as vigilantly as the Spanish influenza or the bubonic plague. One is radical revision of the tariff, notably the placing of food and clothing on the free list. This would reduce prices better than any machinery that could be erected within Canada. It would admit keen, vigorous competition and the Canadian consumer would reap the benefit. And it would not injure the Canadian manufacturer or producer. On the contrary it would do him good. It would stimulate his initiative and improve the standard of his product.

The other remedy is the enactment of effective anti-combine legislation in the place of the buncombe now in the statutes under that name passed eight or nine years ago. Emanating from Mr. Lemieux, the old law was patently a bid for political capital and that was the most that could be said for it. Parliament should pass a real anti-trust law and the Government should see that it is enforced.

In conjunction with this Parliament should make provision for dealing with profiteers as drastically as the country is able to deal with revolutionary agitators. If anything the profiteer is worse, because it is he who furnishes the other with his material; he provides the seed of discontent and the agitator sows it. Are we to presume, however, that according to sacrosanct custom, the Government, instead of adopting these remedies will appoint another Commission and pass a few more Orders-in-Council?

"MISSING?"

"Missing and presumed to have died!" has constituted the wording of a telegraph message to many Canadian homes. Tragic though the official announcement of death in battle always must be, there is some consolation to the bereaved relatives in the knowledge that the fallen warrior was laid at rest with such ceremony as the business of war allows. "Missing" always leaves the lingering hope that one day the veteran will return. To set at rest the cherished belief that is keeping up the spirits of many a parent it is to be hoped that the fate of Canadian soldiers definitely unaccounted for may soon be known. Some 60,000 British soldiers come under this heading and from a recent War Office announcement it appears certain that German official records contain a great number of names of British prisoners who were not so reported. On the other hand, it has been established that British prisoners who were not reported as prisoners, but were included in British lists as "missing," are known to have died in Germany. Nevertheless by a careful comparison of German and British records there should be a way to relieve some of the distressing uncertainty which now surrounds so many cases. One of the first acts after the signing of peace might very well be the sending of a commission of inquiry to Germany for this express purpose.

IN THE TESTING PROCESS.

One of the most important questions of principle affecting the Trades Unions of Great Britain is to be discussed by the British Labor Party now in annual conference at Southport. It is to be a test between the policy of constitutional procedure and industrial action as a means of compelling compliance with the workers' demands in such matters as the abolition of conscription, the withdrawal of troops from Russia and the release of conscientious objectors.

Behind the movement for a departure from time-honored precedent is an influential section of the Triple Alliance, in whose ranks are numbered the miners, railwaymen and transport workers—the three basic pillars of Britain's industrial life. In other words the principle of the sympathetic strike is the topic upon which organized labor in Britain is to offer its views and officially pass its verdict, and Canada's experience during the last few weeks creates in this country a peculiar interest in the result.

Whether the particular objects sought to be obtained by a new use of the triple force may be allowed to constitute a fair test between the two methods, it is not possible to judge until later dispatches shed additional light and indicate the trend of discussion. Nevertheless, it is obvious that the executive committee of the conference—which is composed of many of the pioneers of Trades Unionism in the British Isles—has seen the necessity of issuing its warning lest the plain straightforward edifice originally erected for the betterment of working conditions as a whole should become again as potters' clay.

The committee already has issued a report which points out that if Labor is to institute such a precedent it is imperative that trades unions not only realize the responsibility the movement entails, but also determine the ground plan of any new campaign. Quite so, because whatever decision is reached its effect might make itself felt throughout the Empire. It should be safe to predict, however, that organized labor in Britain—as in Canada—is not likely to be stampeded into a policy that in the end would destroy it.

Railway officials, passengers on the Kettle Valley Railway and residents of the Boundary country have been insistent in their complaints of the strange antics of the Doukhobors. North of the Grand Forks district these otherwise peaceful farmers have recently conceived an extraordinary desire to stage almost daily tableaux vivants—in which both sexes appear to be alloted equal parts—clothed merely in nature's raiment. One sage, who resides quite near to this modern Arcadia, has delved into the cause of this strange procedure, and his inquiry led to a confession from one of the mummers that the Doukhobors were annoyed and that the customary exhaust for a ruffled mind was a parade minus the outward adornment prescribed by law and custom. It is time, however, that these strange people were taught that they must not conduct such activities in this country.

At last the celebrated Paul Freeman has been allowed to put his feet again on dry land. Three times the Sonoma reached San Francisco and twice this gentleman from the Antipodes was denied entrance. Yesterday the boat docked for the third time, but Paul had been left behind at Sydney. It would have been better had the Australian Government dealt with its undesirable rather than allowing what is, after all, its own domestic problem to become a matter of international comment. If Freeman had broken the laws of the Commonwealth surely there was a remedy to apply. At any rate he stood little chance of a public welcome in the United States.

NOT SCIENTIFIC, BUT GLORIOUS

(New York Times)

Consider what it was they tried to do. They set across the ocean in a stormy Atlantic month, disappeared from the sight and even the ken of man, with no destroyer relays to lie along their path and come to their rescue in case of need. It was not scientific, but it was glorious—how glorious we can judge from the fact that our own fliers, who have all the protection and assistance which the British so lamentably failed to give to Hawker, have had so much trouble. We have made greater progress than they did, but not with all our aeroplanes. We took, too, a simpler route for the month of May. It is to our credit, and distinctly not to the credit of England, that Hawker flew half way across the ocean without any help from his country, while our men have been buttressed about by all the help the Navy Department could give them.

VICTIMIZED PUNCH.

(New York Tribune.)

Punch, which deserves at least the D.S.O. for the conspicuous sanity of its humor during the war, is the innocent victim, in its issue of April 23rd, of thievery. The verses "A Germless Eden," beginning "The antiseptic baby and the prophylactic pup," which Punch prints as original, were written by Arthur Guiterman, and first appeared in The Woman's Home Companion for July, 1906. They appear also in Mr. Guiterman's book, "The Laughing Muse," published by Harper's in 1915. These, for some reason, are the stolenest verses we know of. They were offered to Puck in 1908 by A. Francis Walker, and their publication was stopped because some one happened to remember that they were not Mr. Walker's. But Walker sold them, in May, 1908, to The New York World. This Rafter of Righteousness exposed the theft, but Walker told Mr. Pulitzer that he had written the verses, before July, 1906, for a newspaper in Sydney, or Melbourne. The editor of this paper in response to a cable from Mr. Pulitzer, said this was untrue. We wonder who the thief was who sold it to Punch.

ENGLISH NEWSPAPERS REAP BENEFIT OF EXCESS PROFITS TAX

Clement R. Shorter, Editor of London Sphere, Visitor in City

"Newspapers in England in the past four years have made more money than ever before. In addition to the stimulus to circulation caused by the sending of papers and magazines to the troops, the advertising increased by leaps and bounds. Many firms, in order to evade the payment of an unduly-large excess profits tax, diverted much of their profits towards increased advertising, to the benefit of the press and to the resultant benefit of the advertisers." The foregoing is the opinion of Clement King Shorter, the distinguished publicist and editor of The Sphere, London, who arrived in Victoria from the United States yesterday afternoon during the course of a holiday tour.

"The steady demand for literature during the war suggests that England will be more of a reading nation in the future," continued Mr. Shorter. "Many people during the time of strain and anxiety sought consolation and distraction in books, while the men in the war areas occupied all their spare moments in reading. A national taste for reading has been created, and I do not think it will ever be lost."

Mr. Shorter has been a director of The Sphere and Tatler Company for nearly twenty years, and was the founder of The Sketch (London), editing it for seven years. Other papers with which he has been closely associated include The Illustrated London News and The Penny Illustrated Paper.

Despite his close association with the journalistic world of England, Mr. Shorter disclaims any knowledge of things political and to a Times representative this morning voiced his aversion to party politics. "I know nothing of politics," was his reply to a request for an opinion upon the present industrial conditions in England. "My chief interest is in books." He, however, confessed his belief that the day of party government was almost at an end in England, and that the British labor question would be settled by the formation of a labor government before many years had passed.

On the matter of the proposed nationalization of railways, Mr. Shorter proved equally non-commital. "My own personal opinion is that while the present system of private ownership is a form of tyranny, it is the most economical. Railways have been working at a loss during the past few years owing to the excessive cost of labor and fuel and it means over by the Government would, in addition, have to be heavily subsidized by the State. While I think that there are many favorable arguments for state ownership of railways, one cannot fail to notice the effect of such ownership in the United States. There, every time a letter is a day later than it should be the Government is fiercely attacked. Difficulties have also arisen with the postal authorities in consequence."

Mr. Shorter is on an extended holiday tour of the United States and Canada. He came out to America with H. W. Massingham, editor of The Nation, London, but a breakdown in health caused the latter to remain in the east. The former visit paid by Mr. Shorter to America was in 1893, when he attended the Chicago Exhibition, and the present tour marks his first trip to the west. He will remain in Victoria for a few days before continuing his tour by way of Banff, Lake Louise and other points of interest in the Rockies. While in Canada Mr. Shorter is a guest of the C.P.R.

NURSING SISTER WAS MARRIED YESTERDAY

Picturesque Function at Pemberton Chapel Attracts Friends to Wedding

An interesting war romance had its culmination in a pretty ceremony at the Pemberton Memorial Chapel of the Jubilee Hospital yesterday morning, when Gladys Muriel, only daughter of Mrs. E. Carvolth, was married to Dr. George Grant Stewart, of Edmonton, Alta. The chapel was decorated in a pink and white floral scheme, roses and sweet peas being lavishly used with charming effect. A large congregation of the many friends of the bridal couple witnessed the ceremony, which was performed by the Rev. F. F. Fatt.

To the strains of the Bridal Chorus from Lohengrin the bride entered the chapel on the arm of her uncle, John Sampson, of Cadboro Bay, passing up the aisle between rows of uniformed nurses. Her lovely bridal gown was of white chiffon taffeta with which she wore the conventional tulle veil and a wreath of orange blossoms, and carried a bouquet of white bridal roses and carnations. She was attended by her cousin, Miss Gwen Sampson, in a white silk and georgette frock and becoming black picture hat, carrying a sheaf of pink carnations. Major Logie, M.D., of Vancouver, supported the groom. Mrs. Carvolth, the mother of the bride, was gowned in black satin and Maltese lace.

After the ceremony a reception was held at "Pendarvis," Cadboro Bay, the home of the bride's aunt and uncle, over fifty guests being present to extend felicitations to the bridal couple. Following a delicious repast served by Mrs. Sampson, Dr. and Mrs. Stewart left amid a shower of confetti and good wishes for a honeymoon trip to the Rockies and will subsequently make their home in Edmonton. Mrs. Stewart travelled in a smart tailleur suit of navy serge with becoming white Gainsboro hat.

Graduating from the Jubilee Hospital, the bride was among the first from Victoria to volunteer for overseas duty. During her four years' war service she performed excellent work in the hospitals in Salonica, France and England. Since her return from England she has been attached to the Shaughnessy Heights Military Convalescent Hospital, Vancouver, as matron. Among the many beautiful presents received by the bride was a handsome silver toilet set from her former colleagues at Shaughnessy and a silver bonbonniere from a number of returned nurses. Dr. Stewart served with the C.A.M.C. in England and France and since his return from overseas has been deputy-director of Soldiers' Civil Re-establishment for Alberta.

ALL OVERSEAS ARMY MEN WILL BENEFIT

Secretary of Army and Navy Veterans' Association Hears From Ottawa

Official information has been received by H. J. Young, Secretary of the Victoria Branch of the Army and Navy Veterans Association, that the Government has passed an order-in-council authorizing the war service gratuity for soldiers who have been overseas, but have not served in an actual threatre of war.

Mr. Young is desired by the Department to state that applications should not be filed until the official form is printed, of which information will be given later.

Intimation that this step was contemplated was issued yesterday from Regina, and published in yesterday's Times. Mr. Young immediately wired for confirmation, and he is now in receipt of a telegram conveying the above intelligence.

The order as it now stands only deals with military service, and the secretary has accordingly communicated with Hon. C. C. Ballantyne with regard to the application of the principle to naval ratings.

TAKING CATERPILLARS FOR THEIR PARASITES

Entomological Branch Has Party Working Here For Scientific Examination

How many citizens would care to collect a few thousand caterpillars per day? Yet the average person thinks a scientist has a comparatively easy time in gathering specimens.

A party of three men, headed by P. N. Vroom, is now working in Victoria for the Entomological Branch of the Federal Department of Agriculture, gathering tent caterpillars for the purpose of shipping them to the laboratory at Agassiz, there to be examined. The object is to secure parasites which can be introduced into Alberta to prey on the tent caterpillar pest in that province, and hold it in check. It appears that owing to the failure of the Alberta caterpillar to be accommodated with a predatory insect upon its back, it is increasing in numbers, and is doing substantial damage to the vegetation.

Mr. Vroom states that the party, which has been particularly successful in Beacon Hill Park, and at Uplands in securing specimens, is able to collect from 6,000 to 8,000 caterpillars a day, of those which possess evidence of being parasitized, and which therefore are worthy of investigation in the laboratory.

Victoria is regarded as one of the best locations in the country to secure tent caterpillars, because of the habit of the insect to bred its own destroyers. It may be some consolation to gardeners here to know that the Lower Mainland is not so well blessed with parasitized caterpillars to bring about their own doom as is Southern Vancouver Island.

Two parasites, says Mr. Vroom, who is at the Dominion Hotel, are being investigated. One is a hymenopterous fly which is very scarce, and the other a dipterous fly which is quite numerous in some localities. He finds dipterous flies laying eggs on the heads of caterpillars here, which help to control the outbreak.

Mr. Vroom indicates that the infestation is practically over here now.

MEET GOVERNMENT SOON

Vancouver and Victoria Will Probably Be Represented on Education Delegation.

The end of the Vancouver strike will probably mean that representatives of that city and of Victoria will meet the Provincial Government in the near future to ask a larger contribution toward educational maintenance than has been forthcoming in the past. The city has been delaying the interview with the provincial authorities on this question in order that the tie-up in Vancouver might come to and end, and that members of the Vancouver City Council might be given an opportunity to journey here. Mayor Porter will communicate with Mayor Gale immediately with the object of getting a deputation representing Vancouver to join with the Victoria aldermen before the Executive Council.

The candidate, after tiring his audience, wound up as follows: "I want housing reform. I want land reform. I want education reform. I want ——" "Yes," shouted a bored voice from the audience, "you want chloroform."

A very quiet wedding took place at St. Mary's Church, Oak Bay, when John Edgar Hamilton and Marjorie Lindner were married by the Rev. G. H. Andrews. After the wedding trip to Alaska, Mr. and Mrs. Hamilton will reside at Suite 18, Mount Edwards Apartment.

☆ ☆ ☆

An interesting social event took place yesterday afternoon when the members of the St. Jude's W. A. held a sale of home cooking and candies, the affair proving a big success. Mrs. Quainton opened the sale and the following were in charge of booths: Home Cooking, Mrs. Butterfield and Mrs. Barrett; Candies, Mrs. Rasmussen and Miss Daisy Barrett; afternoon tea, Mesdames Eraut and Merritt and Miss Dorothy Jones; ice cream, Mrs. Higgins, Misses Marjorie Higgins and Helena Butterfield.

Rummage Sale.—The Women's Canadian Club will hold a rummage sale in the former premises of Dixi Ross & Co., at 1316 Broad Street, commencing at 10 o'clock Saturday morning. The sale of goods is for the purpose of raising funds with which to carry on the work of the organization. Club members and others wishing to contribute goods for sale are asked kindly to leave them at 1316 Broad Street, between 10 and 5 o'clock on Friday.

FAVORS INQUIRY BY DOMINION OFFICIALS

Women's Political Association Suggests Course to Aid Cost of Living Probe

Following up the deputation which waited on civic officials on Tuesday, last evening an executive committee meeting of the Women's Independent Political Association decided to communicate with G. B. Nicholson, M.P., Chairman of the Commons Cost-of-Living Committee. It was resolved to ask Mr. Nicholson for a recommendation in the report favoring the appointment of authorized agents of the Dominion Government throughout the country.

These agents, the committee felt, should be placed in a position to obtain the information, and be protected therein, upon which prosecutions for breach of food regulations could be based. The committee decided to give whatever assistance it could in its powers to co-operate with the authorities in securing some reduction in the cost of living.

The committee feels that the action taken by the association in sending a delegation to the Lower Mainland and the Island towns this spring has resulted in securing a strong concentration of opinion which will compel official action.

Minimum Wage Board.—Sittings of the Minimum Wage Board will be held in the Court House here on Thursday, July 3, commencing at 1 o'clock, to hear persons interested in the question of a minimum wage for women engaged in personal service occupations, including those employed in manicuring, hairdressing, barbering and other work of a like nature, or employed as ushers in a theatre, attendants at shooting galleries and other places of amusement, garages or gasolene stations, or as drivers of motor cars and other vehicles.

Members of the Women"s Auxiliary to the Army and Navy Veterans are requested to attend a special meeting on Thursday, June 26, at 8 p.m. in room 214 Pemberton Bldg.

HATLEY PARK MECCA OF CROWDS YESTERDAY

Florence Nightingale Chapter Funds Will Be Augmented Materially

It seemed as if all Victoria journeyed out to Hatley Park yesterday for the garden fete held in the beautiful grounds at the residence of the Hon. James and Mrs. Dunsmuir, and private cars, tally-ho's, buggies and bicycles passed in never-ending stream along the high road to furnish their quota of occupants to the throng of sight-seers. Held under the auspices of the Florence Nightingale Chapter, I. O. D. E., the funds of that chapter will in consequence be augmented by a sum in the neighborhood of $600.

Foundation Band.

As if cognizant of the fact that the occasion was a special one, King Sol threw off his reticence of the morning and shone with brilliancy throughout the afternoon, adding much to the beauty of the gardens. The strains of music furnished by the Foundation Band under the leadership of Bandmaster Turner acted as a magnet, and drew the fast-arriving visitors to the sunken garden where delicious tea and ice cream was dispensed in buffet fashion by a large committee convened by Mrs. M. W. Wilkinson, while Mrs. F. W. Ball directed the serving of the ice cream, in the absence of Mrs. H. K. Prior.

Lovely Gardens.

After indulging in refreshment, the crowds wandered through the vast estate, visiting the host of beauty spots for which the gardens are justly famed. The lovely Japanese garden with its quaint bridges and tea-houses, wistaria-covered arbors and dwarf trees; the rose-garden with its surrounding pergola, covered with Dorothy Perkins roses, and the formal Italian garden with its graceful statuary, received due mead of admiration from the visitors. Below the house a riot of blue delphinium and larkspur vied with crimson peonies and scarlet poppies, while water-lilies of white and pink floated in a translucent pond and looked invitingly cool. The gurgle of a rushing stream plunging its downward way through a grotto-like dell, lined with ferns and bordered with flowers in lovely profusion, acted as introduction to the soothing charm of the Japanese garden where masses of purple and white irises grew in cloud-like effect beside a limpid pool. From a contemplation of the beauties of the gardens, the eye was arrested by a wonderful panorama of sea and mountain beyond the blue lagoon.

Model Out-buildings.

In addition to its many natural charms the park has further attractions in the shape of model out-buildings. En route to the dairy a familiar music drew attention to the up-to-date piggery where the inmates fattened to their hearts' content under the most sanitary conditions. In the dairy with its lining of snowy tiles, modern apparatus and shining utensils, the manageress explained the process of butter-making to an interested audience. The stables with their magnificent specimens of riding and utility horses, and the roomy garage with its excellently equipped workshop, also came in for general admiration.

To the committee in charge of the general arrangements, comprising Mrs. E. S. Hasell, Mrs. McIntyre and Mrs. A. B. Hudson, too much praise cannot be given. Mrs. G. W. Lillie had charge of the transportation committee, while Mrs. J. L. Beckwith convened the gate committee, assisted by Mrs. Angus Galbraith and a men's committee comprising Messrs. J. L. Beckwith, H. Catterall, Robert Clark, G. W. Lillie and J. Baker, and they were able to report that between 1,500 and 2,000 had passed through the gates.

Altogether the fete was outstanding in its success, and the chapter has expressed its appreciation and thanks to all who assisted in any way to promote the comfort and enjoyment of visitors.

For China Shower.—The W. A. of the G. W. V. A. will hold a china shower in connection with their regular meeting which will take place tomorrow evening in the rooms at 512 Fort Street, commencing at 7.30 o'clock. The Auxiliary is planning to hold a bazaar and garden party at the home of Mr. and Mrs. W. J. Bowser, Terrace Avenue, early in August.

Fordon Stysdale LIMITED

Store Hours: 9 a. m. until 6 p. m. Wednesday, 9 a. m. until 1 p. m. Saturdays, 9 a. m. until 9 p. m.

Envelope Combinations of Silk, Satin and Crepe de Chine

Special 3.75

A BEDTIME STORY

UNCLE WIGGILY AND THE RED BERRRIES

Copyright, 1918, by McClure Newspaper Syndicate. (By Howard R. Garis.)

"Uncle Wiggily, do you think you could find any more to-day?" asked Nurse Jane Fuzzy Wuzzy, as the rabbit gentleman was about to start out for a ride in his automobile one morning.

"More what? More Boozips, such as the bad chap yesterday, who tried to eat your shoe buttons?" Mr. Longears asked his muskrat lady housekeeper as she stood on the steps of his hollow stump bungalow.

"No, indeed!" laughed Miss Fuzzy Wuzzy. "But could you find more blackberries, such as the ones with which you fooled the Boozip."

"Well, I could try," spoke Uncle Wiggily. "I'm going for a ride, and, on my way, I'll look for some more blackberries. They certainly make nice jam tarts.

"Glad you like them," said Nurse Jane.

The rabbit gentleman rode off in his auto, and the muskrat lady housekeeper went in the bungalow to see if the clock had washed its face, and it had, I am glad to say, also its hands.

Uncle Wiggily rode on and on over the fields and through the woods, and pretty soon he came to a bush on which grew some lovely red berries.

"Hum(Well, these aren't black, but I think they will do just as well for Nurse Jane," said Uncle Wiggily to himself. "I must taste them to see if they are all right."

Rabbits and other animals that live in the woods can tell at once when berries are good to eat, or when they are poison. But boys and girls cannot always do this. So if you are ever in the woods, and see red, blue, green, black or purple berries, on trees or bushes, don't eat them unless some one who knows is sure they are not poison.

As soon as Uncle Wiggily had tasted the red berries on the bush he knew they were all right and good to eat, so he picked a lot, putting them in a basket he made of some bark from the birch tree.

"These red raspberries will make even better tarts than did the black ones," thought the rabbit gentleman, as he rode along in his auto.

He had not gone very far, after picking the berries, before, all of a sudden, he saw a little house in the woods. And from an open window of the house came the sound of crying.

"My! There must be trouble here!" thought Uncle Wiggily. "This is where Sammie and Susie Littletail live. I must see what's the matter."

He stopped his auto, with the raspberries in it, and went up the steps of the little house. He saw Mrs. Littletail, the rabbit lady.

"Oh, Uncle Wiggily! I'm so glad you came!" cried Mrs. Littletail. "Susie is ill, and Dr. Possum says she must have some red circus lemonade. Now I have made the lemonade but I can't color it red, and I don't know where to find a circus. What shall I do?"

"Ha, let me do it, if you please!" said the bunny gentleman. "I'll just crush a few of my raspberries in the lemonade and make it a nice red pink for Susie."

So he did, and when the little rabbit girl saw the nice, red drink, she thought of a circus and clowns and elephants, and all funny things like that, and soon she was well again.

"Thank you so much, Uncle Wiggily," said Mrs. Littletail, as the bunny rabbit gentleman startted off in his auto. "But I am afraid I robbed you of your red berries."

"Oh, I have plenty left!" said he. On he rode a little further, and soon he came to where Lulu, Alice and Jimmie Wibblewobble, the duck children, lived. And from that house, also, came the sound of crying.

"More sadness!" thought Uncle Wiggily. "What is the matter here?" he asked, as he hopped out of his auto.

"Aw, it's just Alice making a fuss because she hasn't a red hair ribbon for her neck," said Jimmie. "She's got a blue one and a white one, but she wants red. Just like a girl!"

"Ha! I guess you wouldn't wear a blue ribbon with a red dress!" quacked Alice. "My ribbon must match my dress, but it doesn't! My ribbon isn't red, and—oh, dear!"

"If you have a white ribbon, I can soon make it red," spoke Uncle Wiggily.

"How?" asked Alice in wonder.

"I will color the white ribbon red by dipping it in some juice of my red raspberries," said Uncle Wiggily. So he did this, and Alice was delighted. Her dress and ribbon matched perfectly now.

Uncle Wiggily rode on a little farther and soon he came to where Grandfather Goosey Gander lived.

"I never saw such luck!" quacked the old gentleman goose. "Not a drop of ink in the house, and I want to write a letter!"

"Would red ink do?" asked Uncle Wiggily.

"Yes, indeed! Red, green, purple, blue or Black!" quacked Grandpa Goosey. "But where can I get red ink in a hurry?"

"I'll make you some with juice from my red raspberries," said the bunny gentleman. And he did. But in making it he used up the last of the berries he had picked.

"I'll have to go get more for Nurse Jane," said Uncle Wiggily.

"And I'll help you pick them," said Grandpa Goosey, "because you were so kind as to make red ink for me." So they picked red berries for Nurse Jane, she made a lot of jam tarts and all was well.

And if the rain drops don't make purple spots all over the bean bag, when the cook is trying to change it into a rice pudding, I'll tell you next about Uncle Wiggily and the huckleberries.

The Theatres

TO-DAY'S AMUSEMENTS

The Stage.

Princess—Princess Dramatic Society presents "The Pantomime Rehearsal."

Pantages—Vaudeville.

The Screen.

Dominion—Marguerite Clark in "Three Men and a Girl."

Variety—Alice Joyce in "The Lion and the Mouse."

Royal Victoria—William A. Brady production, "The Whip."

Columbia — Nell Shipman in "Baree, Son of Kazan."

Romano—Carmel Myers in "The Little White Savage."

ROYAL VICTORIA

Maurice Tourneur, the famous director, is responsible for the interesting and thrilling action of "The Whip," which is being shown at the Royal Victoria again to-night. Mr. Tourneur directed this tremendous production for Paragon Films inc., and into this picture he has put everything that appeals to everyone who sees motion pictures. Mr. Tourneur is a master of his art. He knows how to get the throbs and thrills into a picture in a most striking and effective manner. In several instances in "The Whip" he has directed scenes that will stand forever as among the most masterful the screen has ever seen, while the many other big scenes set "The Whip" apart from all other film production as the world's biggest motion picture. The story itself is entirely entertaining, has a sustaining interest, has a big punch, is well told and is thoroughly pleasing.

DOMINION

One of the best all-round shows lately seen in the Dominion Theatre is the universal verdict of the capacity audiences who have already witnessed this week's offerings. Marguerite Clark has never before appeared in a more delightful picture than her present production, "Three Men and a Girl."

The story is an excellent one for Miss Clark and it affords her a delightful characterization of which she makes the most. Sylvia Weston, a sprightly young woman, resents her proposed marriage to an old man whom she despises, and, deserting him at Hymen's altar, she flees into the country, arrayed in her wedding gown, and finds refuge in a country house, owned by her father. This place has been previously leased to a trio of women haters who have entered upon a bucolic existence in the hope of escaping the wiles of women. They are Christopher Kent, a lawyer; Julius Vanneman, a violinist, and Dr. Henry Forsyth, who has constituted himself the guardian of his disappointed companions. The first is being pursued by a woman, the second has been jilted, while the physician has met with a similar disappointment.

The picture abounds in delightful comedy and Miss Clark exhibits her exquisite talents and personality in a manner to delight all her admirers. The Chester Outing picture, "Getting Gay With Neptune," is a charming scenic offering with hosts of dainty bathing girls, who show some entirely new and novel stunts in canoeing and swimming. A Christie Comedy special, entitled "Rowdy Ann," provides two reels of convulsing laughter that will please all.

VARIETY

Alice Joyce, as might be expected, is beautiful, appealing and at all times convincing as the clever little Mouse who brings to his knees the financial Lion of the world and saves her father from disgrace and her sweetheart for herself. She is naturalness personified in a play that is as human as it is powerfully dramatic, and her characterization of the role of Shirley Rossmore easily takes place among her highest screen triumphs. She is supported by a well-balanced cast of exceptional merit, including Conrad Nagel, Anders Randolf, Henry Hallam, T. W. Carlton, Mona Kingsley, Jane Jennings, W. H. Burton, Templer Saxe and Mary Carr. "The Lion and the Mouse" will be seen in the Variety again to-day.

COLUMBIA

Author, scenario writer, artist, all round athlete—these are a few of the accomplishments of Nell Shipman, Vitagraph star, featured in her strongest picture in "Baree, Son of Kazan," the Blue Ribbon Feature, which will be the attraction at the Columbia to-day and for the balance of the week.

Alfred Whitman plays opposite her in this powerful screen version of James Oliver Curwood's famous book of Baree, half-wolf and half-dog, the scenes of which are laid in vast forests and wastes of the far Northwest.

Miss Shipman came to moving picture after a successful career in vaudeville and stock, being at the head of her own company. In her first engagement with Vitagraph she is remembered for her portrayal of the woman in "God's Country and the Woman." Then came engagements with other prominent film companies and a long vacation in the West Indies, devoted largely to literature.

"The Lure of the Circus" is a special added feature.

ROMANO

Rollicking comedy burlesque is the keynote of "The Little White Savage," Carmel Myers' latest starring vehicle, which comes to the Romano to-day for a three-day showing, with the serial, "The Hand of Vengeance," as an added attraction. Miss Myers has the title role, and she fills it to perfection, for according to the star's mother she has been a tomboy from infancy, and this play simply gave her an opportunity to turn loose and be really natural. Frances Nimmo Greene wrote the story and Waldemar Young created the scenario from which Director Paul Powell evolved the comic photodrama. It represents the verbal dream of a circus proprietor who tells the editor of a country weekly a press agent story that makes all other publicity yarns listen like Gospel. It will afford a delicious hour's entertainment, for laughter is its basic principle, and the situations are so ridiculously funny that they actually become serious, to use a paradox. The star's supporting cast includes Harry Hilliard, John Cook, William Dyer and Richard Cummings.

PRINCESS

A solid evening's entertainment and amusement is assured everyone who patronises the above theatre during the present run of "The Pantomime Rehearsal" the screamingly funny musical comedy success which is proving so popular an attraction.

Headed by that very clever artiste, Mrs. D'Oyly Rochfort the talented members of the company have never been seen or heard to better advantage the work of one and all being par excellence. Pretty and catchy songs, graceful dances with fun and humor running riot it is a most excellent production and one that is bound to increase the popularity which Mr. R. N. Hincks and his associates already enjoys amongst the Victoria theatre going public. None should miss attending on one of the remaining nights for it is truly one of the best productions that has ever been offered for the public's amusement and entertainment. The box office is now open, and reservations can be made either by applying in person or by phoning 4625.

PANTAGES

An outstanding music treat is offered on the bill of Pantages vaudeville this week. Rarely indeed is such wholesome musical appeal made in the variety as that of the Olga Samanoff Trio. These artists have come from the best philharmonic orchestras of the continent and are undoubtedly playing to-day on the vaudeville stage with the very fine purpose of helping elevate musical taste just a little bit beyond the popular tendency to jazz. Mlle. Olga Samanoff makes an earnest plea for the compositions of the masters but she does not confine her repertoire in the least to classical numbers. She plays popular music, but she does not play these in the popularly conceived tempos. Rather she interpolates them, giving new and charming coloring and raising them to be compositions more wholesome. The Olga Samanoff Trio consists of two ladies and one gentleman in a repertoire of selections for the violin, 'cello and piano. Mlle. Samanoff has made a very fine popularity as a violinist.

SPORTS of VICTORIA THE NORTHWEST AND THE WORLD

FOUNDATION SPORTS DREW A LARGE CROWD

Baseball, Lacrosse and Track Events Made Interesting Programme

Sports held in picnic style, a baseball game and a lacrosse battle helped to make an enjoyable field day under the auspices of the Foundation organizations yesterday afternoon at Royal Athletic Park. There was a big crowd out to watch the sports.

The Baseball Battle

The premier Foundation nine and a team selected from the yards supplied the baseball for the day, and the seven-innings game the city league team won by ten runs to eight. The selected players started out like winners, but after the fourth innings the city league supporters were able to inform them "there goes your old ball game," for the premier nine overcame the lead against them and started in seriously to bag the scalps. Zacarelli pitched good ball against the league team and Carroll blossomed out as a catcher and make good for six innings. An injury then caused him to give way to Mellbride. Ross pitched for the winners until the sixth, when Holness came and put some over. The teams were:

Foundation — Browne 2b, McIlmoyl cf, Green 1b, P. Gravelin 3b, W. Gravelin ss, V. Gravelin 1b, Holness rf, Ross p, Matthews c. Combined clubs — Hammond 1b, McDonald 2b, Chester ss, Cox 3b, Hunter cf, Churchill lf, Gawley rf, Carroll c, Zacarelli p, Robinson lf.

The Foundation lacross team also secured a four to two victory over a selected team of stickhandlers.

The Races

A lot of amusement was caused by the track events, the results of which were as follows:

Hundreds yards open—1, McIlmoyl; 2, Bruce; 3, Humber.

Three-legged race—1, Hammond and Green; 2, Brown and McIlmoyl.

Race for boys under twelve — 1, Douglas Robertson; 2, C. Geiger; 3, R. Lindley.

Girls under twelve—1, Kate Campbell; 2, Isabel Campbell; 3, Jessie Campbell.

Two hundred and twenty yards' race—1, H. Green; 2, Bruce; 3, McIlmoyl.

Married men's race—1, Humber; 2, Saunders.

Boys under fourteen—1, E. Saborne; 2, R. Smith.

Fat men's race—1, D. Thomas; 2, J. McKay.

Boys under sixteen—1, N. Terry; 2, C. Geiger.

Relay race—Baseball team won from lacrosse, the winning runners being McIlmoyl, Green, Gravelin and Brown.

Boys under nine—1, C. Chatton; 2, R. Geiger.

Girls under nine—1, Isabel Campbell; 2, Mary Doheney.

Girls and boys under twelve—1, Norman Terry; 2, Nellie Livesey.

Throwing the baseball — 1, Fred Brown; 2, W. Gravelin.

UMPIRES SATURDAY FOR VIRTUE CUP CRICKET

Umpires for Saturday's cricket games are announced as follows:

Albions v. Foundation Wanderers, at Beacon Hill. T. L. Hole and Gerald Cross.

Foundation Ramblers v. Congos, at Willows. Dodds and T. Radbourn.

Five C's v. Incoga, at Jubilee. Dr. Heughton and S. Wyndham.

Christ Church v. Victoria, at Oak Bay. W. H. Hole and E. W. Musson.

GIRLS DISPLAY MUCH ATHLETIC ABILITY

Gymnastic Competition at St. George's School Attractive Event

Athletic ability of a high order was displayed at a drill and medal competition held by the girls of the St. George's School last night. A large number of visitors were present to witness the performance of the scholars, who showed the results of long and hard training.

The competition for junior girls was held first, and was followed by that of the senior medal competition. Mona Miller carried off the laurels in this event, but having held the prize for the last year, she handed it over to Peggy Schofield, who was loudly applauded by her school mates. Popple Shepheard won the junior championship prize.

Fancy drill, vaulting, pole drill, Swedish exercises, skipping and dancing were other interesting features of the display which concluded by a march past, including the most intricate drill movements.

At the conclusion of the display Miss Williams, the gymnasium mistress of the school, whose coaching accounted in a large degree for the high standard of the drill and exercises, was presented with a silver wrist watch as a mark of the students' appreciation on the eve of her departure for England.

The girls were highly complimented on their work by Captain Ian St. Clair.

SIX GAMES WENT FULL THREE SETS

Well-Placed Handicaps Create Keen Struggles at the Willows Courts

Despite the threatening weather nearly all the games scheduled for yesterday were played off, good matches resulting in the majority of cases, six of them going the full three sets, and others remarkably close fights.

Some Good Handicapping.

It is notable in the tournament so far as it has gone that the more well-known players are being eliminated, but only by close margins, showing the handicaps have been well placed. Among those so eliminated yesterday were Miss Idiens and Mr. Idiens, Miss Camsusa and Dr. Young, Mrs. Leeming and Dr. Hudson. Men's doubles, Bone and Brown and Meredith and Jackson.

A Surprise.

In the ladies' doubles the only surprise was the defeat of Miss M. Leeming and Mrs. Leeming, after they had won the first set. Hudson and Proctor's victory over Bone and Brown was achieved partly by well judged tactics, and apparently Mr. Bone being tired from his extremely hard singles with Mr. Gordon.

Results were as follows:

Ladies' Singles

Miss Winterburn (x 15) beat Miss Swan (—15), 6-1, 4-6, 6-1.

Mrs. Sayer (scr.) beat Miss M. Mason (scr.), 6-0, 6-1.

Miss Tayler (—15) beat Mrs. Beckton (scr.), 6-3, 7-5.

Miss Idiens (—40) beat Mrs. Shaw (scr.), 6-3, 6-1.

Ladies' Doubles

Mrs. Marston and Mrs. Croft (x 15.3) beat Mrs. Sayer and Mrs. Shaw, 6-1, 6-3.

Mrs. Creech and Miss Milligan (scr.) beat Mrs. Leeming and Miss Leeming (—30), 5-7, 6-4, 7-5.

Miss Cass and Miss Ashdown (x 15) beat Mrs. Curtis and Miss Watson (scr.), 5-7, 6-4, 6-3.

Men's Singles

Gordon (—40) beat Bone (—4|6), 6-1, 6-4.

Men's Doubles

Dr. Ridewood and Kitto (—15.3) beat Meredith and Jackson (—15), 6-2, 6-0.

Hudson and Proctor (—4|6) beat Bone and Brown (—4|6), 6-3, 6-4.

Mixed Doubles

Mr. and Mrs. Meredith (—3|6) beat Miss Idiens and Idiens (—30.3), 6-4, 4-6, 6-2.

Mrs. Irwin and Taylor (x 15) beat Miss Camsusa and Dr. Young (—15), 7-5, 6-4.

Mrs. Mogg and Hepburn (—15) beat Mrs. Leeming and Dr. Hudson (—3|6), 3-6, 6-2, 6-1.

Mrs. and Mr. Kennedy (—15.3) beat Miss Harris and Brethour (scr.), 8-10, 6-1, 6-1.

The following matches have been arranged for to-day:

To-day's Play

4.30 p.m.

Mrs. A. S. Williams v. Mrs. Marston.

Mrs. Hudson v. Miss Milligan.

Miss V. Smith v. Mrs. Irwin.

Miss Scott v. Miss Idiens.

Miss Leeder and Grant v. Miss Neame and McCallum.

5.00 p.m.

Dr. Hudson v. Proctor.

5.30 p.m.

Miss Long v. Miss Winterburn.

Miss Archibald v. Miss Harris.

Miss M. Leeming and Gordon v. Mrs. Creech and Brown.

Whittaker v. Brethour.

Mrs. Hudson and Williams v. Mrs. Smith and H. Leeming.

Hamlet v. McCabe.

Fairbairn and Kennedy v. Wyles and Blake.

6.00 p.m.

Miss Peatt and Collard v. Mrs. Rickaby and Westwood.

Miss Jackson and Jackson v. Miss Bradford and Bone.

Mrs. and Mr. Garrett v. Miss Robert and Neave.

Misses M. and A. Mason v. Miss Lawson and Miss Idiens.

6.30 p.m.

Mrs. Cotsworth and Harris v. Mrs. Ricardson and Alexander.

7.15

Miss Bradford v. Miss Ashdown.

Mrs. Beckton v. Mrs. Mogg.

FOUNDATION MEN SIZE UP THE AMITY NINE

Some of the Foundation ball players have been out at the Royal Athletic Park endeavoring to get a line on the Amities to judge for themselves just what they will be up against next Saturday when the diamond veterans stage their much flaunted comeback. The past reputation of the men who carried the Victoria colors years ago is admitted by the shipbuilders, but they are inclined to think that they will never be able to stack up against the nine at present heading the city league. After watching one or two practices and trying to steal a few signals they have come to the conclusion that they will have to work hard or sing a new song after Saturday. The Amity boys never showed more eagerness or worked harder to win a game than they are doing for Saturday's battle, and no victory would please them more than lowering the present day city champions' colors.

G. D. H. Warden, chairman of the Foundation Cricket Club, has called a meeting of all shipyard cricketers to be held at the Club House, Songhee Reserve, 8 p. m., Friday, June 27. Important business relative to the welfare of all three of the Foundation elevens will be transacted, and every shipyard worker interested in the game is urged to attend.

BASIL LAWRENCE WILL UMPIRE CRICKET GAME

A. Basil Lawrence, one of the players on the Congregational Wednesday team, has been selected as umpire for the inter-city game with Vancouver Dominion Day. Lawrence will be the umpire selected by Victoria, the other umpire being chosen by the Vancouver cricketers.

YARROWS UNEARTH PROMISING SHORTSTOP

Ross Miller Makes a Big Hit on First City League Appearance

Yarrows failed to hang up their much hoped for win in the amateur baseball league race against Straith-Two Jacks yesterday at Royal Athletic Park, but Manager Beck fielded a team that looks like pulling off a few victories in the near future. His boys went under seven to two, and their small score was mainly through lack of batting practice. In the field Yarrows were the better team. In Ross Miller, a graduate from the Intermediate League, a promising player has been unearthed. Ross pulled off some of the prettiest plays while holding down the position of shortstop that have been seen on the local diamond for some time. On several occasions Miller had the spectators on their feet to give him hearty applause. Manny Norton from Sidney is another useful player in the field who has joined forces with Yarrows. He came through with a couple of plays in the outfield that drew the applause, one one accasion tipping the ball with his padded mit after a long run in the garden, and just managing to hold it with his other hand as it dropped. The play saved a run.

Semi-ready Talk:

"Some merchants boast that they sold suits at a very small net profit during war years—

"We cheerfully concealed the fact that during the days of the war stress we lost money on every suit we sold.

"We kept on selling Semi-ready Suits the same price West as East—at the label-in-the-pocket price, the same in all cities.

"We depend upon volume of sales, upon a large volume; today we are getting it.

"So that the small profit—and we proudly aver it to be the smallest regular profit at which men's good clothes are sold in Canada—gives every man profitable and true service.

"Ready to try-on or custom-made—whichever you prefer."

MANN CUP CHASERS BEAT THE VETERANS

Double Score of Veteran Lacrosse Players in Game at Royal Athletic

Through the game being stated long past the scheduled hour a lot of spectators at the Foundation Field meet at the Royal Athletic Park yesterday missed the lacrosse game between the Foundation players in the race for the Mann Cup, and a team of veterans and other players in the city. The necessary permission of the amateur union to throw aside all irksome restrictions for the occasion allowed some of the old lacrosse devotees to get into harness again, and the boys burning up the track to the world's championship pot had to play all the way to win by four goals to two.

The Teams.

Eleven men aside was played, the Foundation being represented by Gravelin, J. Johnson, Pottinger, Kroeger, Gravelin, Plump, Painter, Ross, Morgan, Feedham and McGregor. The veterans team was composed of Ross Johnson, Clegg, Joe Dakers, Frank Sweeney, Bob McInnis, Jimmy McGregor, Joe Hancock, Hopkins, W. Mitchell, Lester Patrick and Brynjolfsen.

Bill Mitchell, holding down second home position was the only man who could put anything past the net custodian of the Foundation team and he found the net for both goals. Sweeney, McGregor and McInnis made a good defence and Frank's clashes with Morgan, playing first home on the shipbuilder's team were among the features of the game. Sweeney used his weight to advantage but Morgan found the net a couple of times. Once he got in a long range shot that smashed right past the former net guardian of the professional class. McGregor and John Johnson found the net for the other counters. J. Johnson played a great game at point and although Gravelin did not have any too busy a time in goal he showed himself capable of handling anything that traveled in the direction of the hemp.

AN EVEN BREAK.

"Young man, are you satisfied with your present position?"

"Naw, but it's fifty-fifty. The boss ain't satisfied with the way I fill it, either."

DOMINION TIRES

WILL GIVE YOU THE EXTRA MILEAGE TO PROVE THEIR SOUND ECONOMY

DOMINION TIRES are GOOD Tires

WHEN you go out for an evening's pleasure, or start on a long motor tour, you don't care about "tire guarantees". What you want on your car are tires that will not give you any trouble.

Guarantees are all right; but tires that need no guarantee are better.

The trademark of the Dominion Rubber System is your warranty of faithful service, long wear and the extra mileage that proves their economy.

It's the one guarantee that satisfies most motorists. They know that DOMINION TIRES have proved their quality, their easy comfort and their freedom from ordinary tire troubles, on every automobile road in the Dominion.

DOMINION TIRES give you a choice of six distinct treads:

"ROYAL CORD" "DOMINION" "NOBBY" "GROOVED" "CHAIN" "PLAIN"

with the right Inner Tube to give you a perfectly balanced tire. DOMINION INNER TUBES are built with the same care as DOMINION TIRES, yet cost no more than ordinary tubes.

DOMINION TIRES and ACCESSORIES are distributed through DOMINION RUBBER SYSTEM BRANCHES and sold by the Best Dealers throughout Canada.

SAANICH GARDENS TO BE JUDGED LATER

Department of Agriculture Experts Will Give Verdict

Gardens in Ward Seven, the owners of which have entered in the annual cottage garden competition, will be judged as soon after the entries close as possible. At a meeting of Ward Seven Cottage Gardeners' Society, held last night, it was decided that the entry list close on July 2. Two experts from the Department of Agriculture will make the awards, and will make three visits during the season to pass upon the gardens. The first visit will be paid soon after the entries close. The prizes will be given at the annual show Saturday, September 6.

It was decided at the meeting to have a section for goats, to be divided into three classes, Saanen, Toggenberg and non-registered.

Photographs of Saanich.

In regard to the photograph section at the show, an effort will be made to make this one of the features of this year's event, and a restriction was made that the photographs must be limited to pictures taken in Saanich.

MOTORISTS HOLD BIG CONVENTION

Resolutions Affecting Various Matters Are Passed; Many Present

The first convention of Vancouver Island motorists yesterday is calculated to go a long way toward cementing the interests of the various districts.

At 4.30 yesterday afternoon in the Odd Fellows Hall at Duncan, President C. H. French, of the local club, called the meeting to order and several resolutions were passed dealing with roads, maintenance and scenery, which it is hoped to have carried out. These will considerably improve Island conditions.

The speakers at the meeting were President C. H. French, of the Island Automobile Association; President J. W. Coburn, of the Nanaimo Club; Hon. Dr. King, Minister of Public Works, and Kenneth Duncan, M. P. P., who extended the welcome on behalf of Cowichan, and others.

The resolutions passed at the convention asked that the Government refund to the Municipalities fifty per cent. of the license fees, which amounted to $450,000 annually, to be earmarked by the respective municipalities for road improvement; that steps be taken to protect the highways against destruction or removal of timber for a certain distance back from the road; that the Government be asked to construct a cut-off road between Ladysmith and Extension; that as the overhead bridge one mile north of Ladysmith is dangerous that the Government should be asked to carry out necessary improvements.

Discussion took place respecting a better system of surfacing the roads and a more economical manner of handling the material used in road construction.

The question of automobile accommodation on board vessels plying the Gulf was also discussed at length, and as far as Nanaimo is concerned, it was decided to request the C. P. R. to put in an elevator which would at least permit of the easy unloading of cars irrespective of the stage of the tide.

There were over one hundred delegates at the convention from all parts of the Island. The next meeting will be held at Nanaimo.

INFLAMED GUMS—A CAUSE OF LOOSE TEETH

Pyorrhea is undoubtedly a vital danger to both gums and teeth. Tender gums indicate it, and with it come loosening teeth. Imperceptibly, at first, the gums recede from the normal gum line. They inflame. They present many tiny openings for millions of bacteria to attack the unenameled tooth base. Tooth-base decay quickly follows. Even if the cavity be filled and the tooth saved, the gums continue to recede. Remember, too, that inflamed and bleeding gums act as so many doorways for disease germs to enter the system—infecting joints or tonsils—or causing other ailments.

Against this Pyorrhea (Riggs' Disease) ordinary tooth-pastes are powerless. Yet Pyorrhea attacks four out of five people who are over forty, and many under this age. But Forhan's—if used in time and used consistently—positively prevents Pyorrhea. It is a scientific tooth cleanser as well. Brush your teeth with it. See how promptly bleeding or gum tenderness ceases and how your teeth are kept white and clean.

If gum-shrinkage has already set in, start using Forhan's and consult a dentist immediately for special treatment.

35c and 60c tubes. All Druggists.

TWO SOLIDIER BANQUETS

48th Battalion Gather at Dominion Hotel, and 13th Field Ambulance at Empress.

To celebrate the departure of their unit from this city four years ago forty surviving members of the 48th Battalion gathered around the festive board at the Dominion Hotel last evening and enjoyed a most pleasant re-union.

Following the dinner the boys indulged in a free and easy time and recounted some of their experiences while in khaki. Major J. A. Briggs, who left here as medical officer of the battalion, acted as chairman, and Colonel J. G. Holmes, father of the commander of the 48th, and Mrs. W. J. H. Holmes, wife of the O. C. were guests of the evening.

The dinner was arranged by Staff-Sergt. de Lance Green, president; Lieut. A. Harding, vice-president; Sergt. Green, secretary; Lieut. Carr and Pte. Stanford.

Members of the 13th Field Ambulance held a re-union banquet at the Empress Hotel last evening. Lieut.-Col. J. A. Biggar, who took the unit overseas, presided over the ceremony, which were quite informal, and gave a short, humorous address.

The following were present: Lt.-Col. J. L. Biggar, Capt. T. Barclay, Capt. J. E. Montgomery, A. McIntyre, J. R. Clark, W. Stubbs, A. Young, F. W. Greaves, J. W. Rawnsley, A. R. Birkett, A. J. Johnson, A. McLachlan, A. G. Shopland, W. R. Large, H. W. Deveraux, R. A. Laird, F. S. Rawlings, G. S. Blackburn, W. R. Clark, E. J. Embling, G. Blake, E. J. Hopkins, F. B. Shaver, R. N. Smith, H. Fryer, J. Dare, J. Little, H. M. Swift, S Smith, R. K. Smart, J. A. Robson, A. M. Horne, A. W. Blaney, E. H. Burgess, G. C. Hartley, R. McArthur, R. Duff, R. H. Addison, R. Wilson, A. Beckett, F. W. Francis, M. Wilson, E. Pover, M. Gunniss, A. Murdock, J. Hamilton, J. Celle, W. Gladstone, W. Bicker, C. K. Christian.

Proper Thing Now Is to Peel Off Soiled Skin

Those who abhor sticky, greasy, shiny, streaked complexions should religiously avoid creams, powders and rouges during the heated days. There's no need for them, anyway, since the virtues of mercolized wax have become known. No amount of perspiration will produce any evidence that you've been using the wax. As it is applied at bedtime, and washed off in the morning, the complexion never looks like a make-up. Mercolized wax gradually takes off a bad complexion, instead of adding anything to make it worse. It has none of the disadvantages of cosmetics and accomplishes much more in keeping the complexion beautifully white, satiny and youthful, free from freckles and other blemishes. Just get an ounce of it at your druggist's and see what a few days' treatment will do. Use like cold cream.

TRIUMPH LODGE HOSTS OF VISITING TEMPLARS

Last evening a merry party of from twenty-five to thirty members of Conqueror Juvenile Temple of the International Order of Good Templars, with their Superintendent, Mrs. A. Filler, journeyed from Esquimalt to the hall on Caledonia Avenue, where Triumph Lodge holds its weekly sessions. On arrival they found the Lodge in session, and were at once given an official reception, the Chief Templar welcoming them on behalf of Triumph Lodge. The visitors were then accommodated with seats on the platform and rendered the following programme in a very efficient manner:

Ode—Jesus High in Glory.... The Temple
Recitation—Tea-time ..... Frank Elston
Duet—There Are Many Flags Now Waving ..... Beth Stewart and Harriet Blygh
Recitation—The New Baby ..... Kathleen Elston
Song—Sergeant Daddy, V. C. ..... Edna Ricketts
Glee—As Tommy Went Walking .... The Temple
Reading ..... Clyde Nicol
Duet—You Can't Play in Our Yard.. Nancy Johnson and Doris Gardener
Duet—The Willow Branch ..... Florence and Frank Elston
Ode—God Bless Our Youthful Band.. The Temple

On conclusion of the programme the visitors were regaled with ice cream and cake by the members of the Lodge. Later the Chief Templar presented a prize to Nancy Johnson as a reward for recruiting, also prizes to Edna Ricketts and Florence Elston, who were adjudged by the vote of the Lodge to have displayed most merit in the delivery of their items on the programme. Short addresses by the Chief Templar and Rev. C. M. Tate, Grand Superintendent of Juvenile Work, followed by a hymn and prayer, brought a very pleasant evening to a close, several of the members of Triumph Lodge expressing the hope that a visit of a similar nature might be arranged in the near future.

Comrades' Special Meeting—Important matters relative to the Comrades of the Great War are to be discussed at a special meeting which has been called for 8 o'clock on Saturday evening. A request is sent out that as many members as possible will be present as a representative attendance is desired to consider several suggested changes in the constitution and by-laws. The insertion of a loyalty clause in the constitution is one of the recommendations.

The master craftsmen of fifty years ago who were responsible for the first Gerhard Heintzman Pianos possessed that uncommon degree of proficiency called genius. To-day their successors who build the modern instruments bearing the name

Gerhard Heintzman
(Canada's Greatest Piano)

are equally worthy of the tribute we pay to genius. To them has fallen the privilege of producing the supremely beautiful instruments which await your inspection at this store to-day. May we entertain you with a little music from this magnificent Canadian Piano?

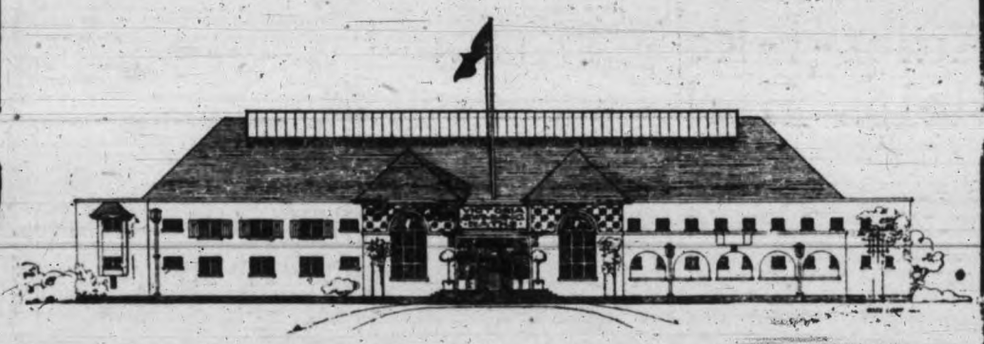
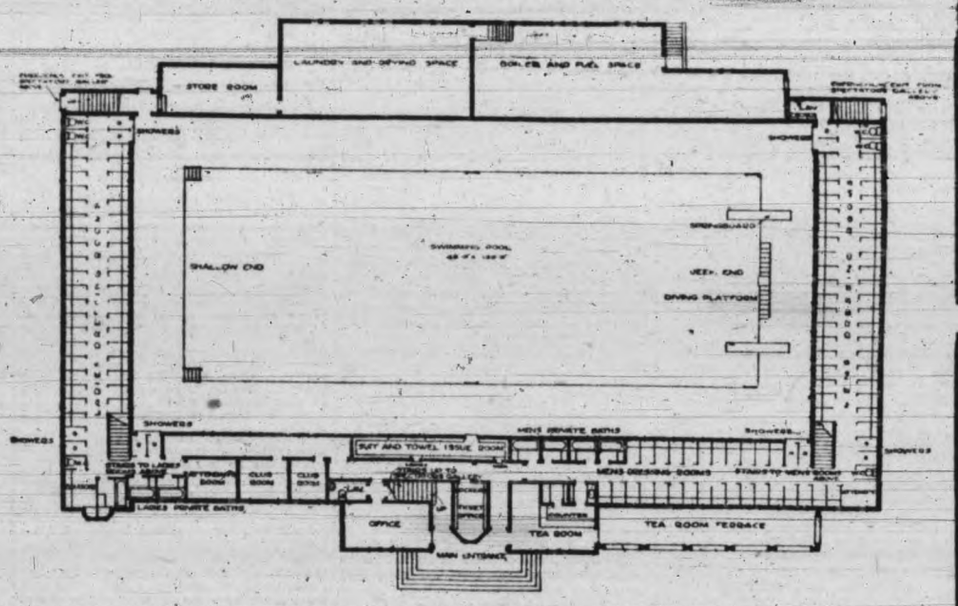
Facade and Ground Plan for Proposed Swimming Baths to Be Erected on Dallas Road Waterfront





Plans of the building shown above were designed by Maclure & Keith, architects, of this city, and is to be erected on the south side of Dallas Road within three hundred yards of the car line at the corner of Menzies Street and Niagara Street.

The design shows careful planning, and embraces all the best features of a number of well-known swimming baths, without their defects.

The financial side of the bath question is in the hands of Heisterman & Forman, who will issue the stock and receive payment thereon. The building is to be of reinforced concrete, and will be practically fireproof. It is the intention to build a separate open-air swimming tank for the use of children, adjoining the main building. The water in this tank will be heated from the boilers in the main building.

The tank in the main building is to be twenty feet longer and five feet wider than the Crystal Pool Swimming Bath at Seattle. The swimming tank is to be built in accordance with the requirements of modern swimming contests and water games, such as polo and basket ball.

W. F. Best, on behalf of the committee, says: "For the benefit of those who doubt the wisdom of selecting a site for the baths on the waterfront at Dallas Road, it may be stated that among the reasons for locating there, is the fact that the water at that point is remarkably pure and entirely free from sewage contamination. Being so near the ocean it will be easy to fill the tank with clean water every day, which will make swimming more enjoyable than if the water was taken from a contaminated source. A special act of the Legislature will, of course, be required to enable the Council to transfer the required land to the company, but as a portion of the same tract of park property was conveyed for dock purposes a few years ago, no difficulty is anticipated in securing similar privileges to the company."

Rev. A. S. Colwell Receives Address on Leaving Centennial Church

The Centennial Methodist Church, Gorge Road, was the scene of a very interesting event on Monday evening, when the sunday school room was well filled by members and friends of the church, who gathered to say farewell to the Rev. A. S. Colwell, B. A., Mrs. Colwell and family; the former having completed his pastorate of this church.

Appreciative addresses were given by representatives of various departments of the church; and solos were rendered by Miss Mitchell and Mr. Guy, which were much enjoyed, and added to the interest of the occasion.

The Address.

The chairman, Noah Shakespeare, on behalf of the church and congregation, presented to Mr. Colwell an engrossed address, in appreciation of his services to the church in the following terms:

To the Rev. A. S. Colwell, B. A.,

"This address is presented to you, with the accompanying gift, by the members and congregation of the Centennial Methodist Church and official board, as a memorial of the esteem and affection in which you have been held during the four years of your pastorate.

"During these years you have faithfully and devotedly served the church, and your work will be remembered for the zeal and thoroughness which have characterized it.

"We rejoice with you in all the good work you have been enabled to do, and we desire to acknowledge the interest which Mrs. Colwell and your family have shown in the concerns of the church and Sunday school and for rendering such services as they were able to give.

"Be assured that our prayers and good wishes go with you to your new sphere of activity. May God bless you and make you a blessing, wherever your lot may be cast."

"Signed on behalf of the church and official board.

"CLARENCE B. DEAVILLE.
Recording Steward."

Purse Presented.

A well filled purse was presented by the chairman on behalf of the congregation, also a handsome tie pin and cuff-links from the boys' bible class.

Mr. Colwell suitably replied, expressing his appreciation of the kindness and support he had received from the Centennial people during his pastorate, and also expressing the hope that his successor the Rev. Mr. Batty, who is coming from Winnipeg, would receive the same love and friendship that he himself had enjoyed during his four years in Victoria.

Refreshments were served by the ladies of the church.

The number of things a man knows about women is about 1 per cent. of what he thinks he knows.

DELIGHTFUL FETE

Army and Navy Veterans' Auxiliary Holds Pleasant Event in Grounds of President.

A delightful fete, arranged by the Women's Auxiliary of the Army and Navy Veterans' Association, was held yesterday afternoon in the grounds of the residence of that organization's president, Mrs. Hodgins wife of Lieut.-Col. Hodgins. The garden, which is situated on Monterey Avenue, was furnished with numerous tea-tables, Mrs. Chapman, Miss Baker, Miss Belson and Miss Hodgins managing the refreshments. The serving of strawberries was in charge of Mrs. Healey and Mesdames W. H. Watson and Richdale, who occupied pretty stalls. Miss Randall, telling the fortunes of the guests, was kept busy constantly, while an excellent programme was rendered by the following: Mrs. Osler, Miss Lilian Holden and Mrs. MacDonagh, vocalists, and Miss Ora Pearson, elocutionist. Mrs. Gibson accompanied at the piano.

The two gates by which the guests entered were in charge of Mrs. Sinnott and Mrs. Slavin, who with the ladies who sold refreshments took in about $30. The affair was a pleasant forerunner of the more extensive fete to be held on July 3 in the grounds of the St. George's school.

TRUE.

"I've noticed this about apologies."

"What?"

"They're usually worse than the original insults."

LETTERS

Letters addressed to the Editor and intended for publication must be short, and legibly written. The longer an article the shorter the chance of insertion. All communications must bear the name and address of the writer, but not for publication unless the owner wishes. The publication or rejection of articles is a matter entirely in the discretion of the Editor. No responsibility is assumed by the paper for MSS. submitted to the Editor.

PLAYGROUND SUPERVISION.

To the Editor:—Your correspondent (Mrs. Sinclair) certainly has the right sow by the lug on the above subject. This city is far too much in debt to take up fads of this kind. The tax sale is a fair sample of the financial condition of a very large class of citizens. The $1,500 asked for now may be taken as the thin end of the wedge, and it is very necessary that the aldermen be supported in their decision, and not allow the extremely active supporters of this scheme to force the matter through. One applicant for the job hails from Arizona. Is it likely he would come up here for a $300 job and then be fired at the expiration of three months? I rather think he is looking for something better. Possibly the supporters of the scheme will pay his salary in the cold winter months after the $1,500 are spent.

There are several pressing matters to-day that need our attention much more than playground supervisors. This is one of the things that can wait.

C. J. BROWN.

903 Hereward Road, Victoria West.

MR. GOSNELL "COMES BACK."

To the Editor:—Your "long-range" firing reached me all right at Ottawa, and I have perused the two articles with which you were kind enough to honor my letter to The Colonist, and with the same keen interest with which I read all the articles in The Times. I regret, however, that you followed a tendency, all too common with newspapers, of reading into my letter inferences which are not to be drawn from anything I wrote. For instance, when I stated that 1,100,000 was turned in by a packer for "war purposes" I did not "delicately" or in any other way suggest that it was a "voluntary gift springing from high patriotic impulse." What I meant, and what was obvious, was that it was available for war purposes, and, therefore, mighty useful. Everybody is swatting capital nowadays, but I wonder how the war would have been financed had it not been for the stored-up profits and the surplus capital available in Canada for loans and subject to taxation.

But coming back to the William Davies Company, of Toronto, not one member of which, by the way, I know personally or with whom I have ever had a line of correspondence, I want to keep you down to the real issue. It matters not whether they made a million dollars or a billion dollars. What is pertinent to the question is that it was proved that the profit on bacon consumed in Canada was two-fifths a cent per pound. I ask you, as I asked The Colonist, how much did that add to the cost of your breakfast or how much better off you would have been had they made no profit at all? Moreover, had there been no special arrangement as to packers' profits, which I always considered was hardly a fair discrimination so far as they were concerned, under the excess profits tax, which applied to the whole of 1917, and 1919 and still applies, they would have had to pay 25 per cent. to the treasury of everything over 7 per cent. up to 15 per cent. of everything between 15 and 20 per cent.; and 75 per cent. over 20 per cent. to the sky—independent of any investigation that was or might have been made.

As to capital, it matters very little what the original amount was, any more than it does in the case of the Canada Life Assurance Co., or the Dominion Express Co., which was merely nominal as compared with what it now is. The business expanded with enterprise and successful management until millions are now invested. In 1917, the packers, in order to finance the enormous orders for export, had to go to the banks for millions of credit. That was additional, temporary, capital employed on which they had to pay bankers' discount. Had a wrong turn to the market been taken, they might have lost as much as they made. Last year the packers did not make sufficient profit to turn in anything to the treasury notwithstanding the tirade about "profiteering," and I say again that the constant and increasing cry was wholly unjustified so far as food is concerned and is largely responsible for an unrest that grew out of it. In unregulated industries, there may have been profiteering. We shall know more about it when the present parliamentary enquiry is through, and I have reason to believe it is being made very thorough.

So far as food is concerned, if there were profiteering it lies between the wholesale men and jobbers and the retail merchants. It has been clearly enough shown by the enquiry so far that the wholesale profits were reasonable, and so far as the retail dealers are concerned the difference between the prices paid by them and those for which they sold goods, although the disparity may seem to be large at times, when we consider the high rents paid, the cost of delivery, for which the public is itself is largely responsible, and the other overhead charges, I don't think it will be found that they have been more than reasonable either.

It is not necessary, I hope, for me to explain to readers in British Columbia that I hold no brief for the packers who are only known to me as names; but I do think from a public point of view it has a very harmful effect on the public mind to be constantly assuming that a certain class of our business community are wholesale robbers in respect of food, and that without any proof other than profits—not per pound or per articles but—in the aggregate have been large. At the present moment one of the mightiest weapons of Bolshevists in Canada is the charges of profiteering against the capitalist class, and it has been freely loaned to them by the press and politicians.

By means of large organization and modern equipment, big firms have been able to make immense profits compared with years ago, it is true, but it is also true that goods are manufactured and sold cheaper as a result than they could have been done by a large number of small firms. For instance, two large flour-milling concerns on account of their special facilities and organization make almost immense profits at twenty-five cents a barrel profit. They could reduce that profit to fifteen and even ten cents a barrel, and still make large dividends. If they did, however, they would close down every small mill in Canada. Through taxation they are paying very large sums into the Dominion Treasury. Whether they are paying enough or not is another question not involved. The point is, the consumer has not suffered on account of the present profits being made; but on the other hand he would have paid more for his flour had the business been divided up among a lot of small mills and there had been no large mills at all.

"Hit him; he has no friends," is a very common kind of expression and represents a species of morality actually illustrated in every day life. I am a very close student of Canadian newspapers, and I regret the tendency is to take the side which would seem to be most in accord with popular public opinion for the time being, and to slay everybody who crosses its path. In the end, the popularity which is gained by everlastingly kicking the underdog in the public arena is dearly bought. The dog which is down is at least some times in the right, and doesn't understand why he should be pursued with such fury by his fellows any more than his fellows understand why themselves.

R. E. GOSNELL.

P. S.—Since writing the above, which I must confess was last Sunday, there have been some "revelations" in the enquiry at Ottawa into the high cost of living as to one or two of the unregulated industries to which I have referred. This, of course, will be taken as a justification of all that has been said about "profiteering." Anything I have said on the subject, heretofore, has applied to the cost of food, about which from the first the great cry has mainly been, and even in these instances one cannot generalize, any more than if, because certain crimes were committed in a community, you were to assume that the entire community was criminally inclined. The attitude of the man of the Patton type is traditional, that of making all one can in business under free, unrestricted conditions and inbred of centuries of British instincts of trading. It is an attitude that is to be modified in deference to a new development of public opinion, but having in view always the proper discrimination between what is a fair profit per unit or article of production, and the aggregate of profits based on legitimate business. If one business man or firm, by enterprise and business skill and experience, makes a million dollars in profits and another man or firm in the same business only makes ten thousand dollars, in each cass the unit of profit being the same, or about the same, where are you going to draw the line? Would The Times management be pleased to have its profits restricted to what The Colonist makes per annum? Or vice versa? Do you subscribe to the doctrine that it is a crime to make profits at all? Or, if not, where do you draw the line? Would you like a Government official always at the elbow of your business manager to see what he charged for a display ad. or a reading notice or a want ad? Don't you honestly get for advertisements and subscriptions all you think the dear suffering public will reasonably stand? Or at least what you think they are worth, which is perhaps another way of stating the same thing? Is it not true that most of us think and in practice preach that everybody else's business requires regulation but our own? Of course, if you should in your own case differentiate by claiming that a newspaper is not a "necessary of life," then I have nothing more to say.

R. E. GOSNELL.

Ottawa, June 19, 1919.

COST OF LIVING.

To the Editor,—The sordid revelations that we read in the press from day to day about the unholy profits that have been made during the past four years, will, one sincerely hopes, lead to drastic action by those in authority, so that there will be an immediate stoppage of exterting blood money from the people. I have always understood that our one and sole object in entering this ghastly war was to uphold for all time our "honor," and for which so many thousands of our gallant boys suffered and died, but surely this simple word of " letters must have been deleted from the dictionary in use by certain people in our midst. Everybody, except a few extremists, recognize the right of the man in business to obtain a reasonable return on his investment, but I contend that the men, who, without scruple, carry their cravings to such an extent as we have seen, are as big criminals as ever trod the earth, and should be treated as such. I have no use whatever for the so-called "sympathetic strike" method, for I am convinced that it is the most futile of weapons to use to attain the desires of the men or what they deserve, but I have a whole lot of sympathy with labor and the still greater number of the middle class who are being fleeced to the utmost by the insatiable greed of those people. "Live and let live" was a standard of life that used to be carried out for the most part in the days gone by, but that state of being seems almost to have died out. I am still old-fashioned enough to think that it would be a mighty good thing to bring it back to life again, for as surely as night follows day, unless we get back to a saner method of conducting our affairs, there will be a sad day of reckoning. I am one of the ordinary middle-class men who works as hard as the other fellow for his monthly wage and knows to-day's value of the dollar, and am rather of the opinion that one of the causes of the high cost of living is right here with us in Victoria. I am open to correction, but I am afraid it is true, that the retailer is compelled to charge certain set prices for his wares, and below which he dare not go for fear of not being able to obtain future supplies. If this is so, it is an unfair ring set round the consumer that should not be, for he has no means of combatting such a state of affairs. He and his family must eat to live, and such methods savor rather of the traits of the bigger profiteer. The sooner a more wholesome and honorable way of conducting the every-day affairs of business is brought into being so much the sooner shall we be quit of the unrest that is everywhere so apparent.

HOUSEHOLDER.

Specks Floating Before His Eyes

When specks start to float before the eyes, when everything turns black for a few seconds and you feel as if you were going to faint, you may rest assured that your liver is not working properly.

The essential thing to do in all cases where the liver is slow, lazy or torpid, is to stir it up by the use of a medicine that will clear away all the waste and poisonous matter from the system and prevent as well as cure all the troubles arising from this accumulated mass which has collected in the system.

Keep the bowels open by using Milburn's Laxa-Liver Pills and you will have no liver trouble of any kind. They will clear away all the waste and effete matter which has collected and make the liver active and working properly.

Mr. John R. Morrison, Grand River Falls, N.S., writes:—"Several months ago I was troubled with a sour stomach and had specks floating before my eyes. I took five vials of Milburn's Laxa-Liver Pills, which cured and cleaned my blood before any length of time. I told my friends about it and they got some, and they, too, find themselves different since they took them. I recommend your pills very highly."

Milburn's Laxa-Liver Pills are 25c a vial at all dealers, or mailed direct on receipt of price by The T. Milburn Co., Limited, Toronto, Ont.

"PROFITEERING TO THE GLORY OF GOD."

To the Editor:—There is much contained in the above title although at first blush it may seem to the average person to be a misnomer; but when a big eastern manufacturer can stand up at an enquiry board and declare unblushingly and without a twinge of conscience that his plant was not build "for the glory of God but for the shareholders," and also that these same shareholders were the joyful receipients of an unholy profit of something like seventy-two per cent. then if not profiteering to the glory of God they were certainly aspiring the ethereal heights.

We as a people are living in strange times and I venture the assertion that if it were not for such men as the one quoted who take the unholy advantage of the Empire being at war to make abnormal profits and thus force the cost of living away up beyond all reason, there would be less unrest throughout the world to-day.

His is not a lone case. There are hundreds and perhaps thousands in Canada to-day every whit as guilty as he; who have raked in dollars by the millions until their coffers are bulging with money wrung from those that helped them to make it—the working classes.

Packers and others engaged in the handling of foodstuffs have crammed their elevators and storehouses with the necessities of life and stored them there until they had to take them and dump them into the incinerators of the city and all the while people were beggaring themselves to purchase these very necessities. And then, as if to add insult to injury this manufacturer makes the illuminatory comment "that if any man could not make money during the war there must be something wrong with him."

That is a bright statement and worthy of further comment. Any man, no matter how ill-endowed with common sense or logic he may be, can make abnormal profit when his country is at war, provided he has a deafened conscience and cannot hear the cries of the orphans and widows of the men who have fought and died for him; provided that he has a soul wherein no ray of humanity can ever scintillate and provided he is deaf to all the entreaties that emanate from any right-thinking honest man—which he is not.

I hold no brief for Bolshevism or red flag waving, but I have come to the conclusion that men of the calibre of these profiteers are as much to blame for the trouble to-day as are those confined at the Winnipeg penitentiary.

They might well make contributions to the Patriotic Fund and which contribution I might stigmatize as conscience money, and only a sop for Cerberus, but that does not by any means become a panacea for the ills they have created by their greed for money.

The "mills of God grind slowly, but they grind exceeding small," and no man or aggregation of unholy profits can hope to have any success with such money. The Government can remedy this but the trouble is that too many of these profiteers have seats or positions under Government.

J. McM.

Her Small Brother—I guess Sis thinks you will propose to her to-night—she's been practicing a cold and scornful look all day.

BIRTHS, MARRIAGES AND DEATHS

MARRIED.

HAMILTON-LINDNER — On Wednesday, June 25, at St. Mary's Church, Oak Bay, Victoria, B. C., the marriage took place of Marjorie Lindner to John Edgar Hamilton, both of Victoria, B. C. The ceremony was performed by the Rev. G. H. Andrews.

DIED.

JEFFARES—Died, on June 24, 1919, at Burdett Hospital, Alexander Marks Jeffares, of 931 Cloverdale Avenue, aged 57 years; born at New Ross, County Wexford, Ireland.

The remains are reposing at the private parlors of the B. C. Funeral Co., from where the funeral will leave on Friday, June 27, at 2.45 p. m., and will proceed to Christ Church Cathedral, where service will be held at 3 o'clock. Interment at Ross Bay Cemetery.

BOICE—On June 25, 1919, at St. Joseph's Hospital, Elizabeth, beloved wife of Lester S. Boice, of 517 Langford Street, aged 54 years. The deceased was a late resident of Govan, Sask.

The remains are reposing at the B. C. Funeral Chapel, from whence the funeral will take place on Saturday at 2 p. m., where service will be held. Interment in Ross Bay Cemetery.

IN MEMORIAM.

LONGLAND—In loving memory of a dear husband and father, H. D. Longland, who died June 27, 1917.

Our earthly hopes and plans are crossed,
But Heaven has gained what earth has lost.

CORPORATION OF THE DISTRICT OF SAANICH.

Tenders will be received by the undersigned for the purchase of one 30 Horse Power Case Traction Engine.

The lowest or any tender not necessarily accepted.

$491,000,000 FOR SHIPBUILDING IN U. S.

Washington, June 26.—In reporting the sundry civil appropriation bill today the Senate Appropriations Committee increased the Shipping Board's shipbuilding programme from $276,000,000 to $491,000,000.

STRIKERS IN WINNIPEG FLOCK BACK TO THEIR JOBS AFTER IDLENESS

(Continued from page 1.)

ing parties were outside the jurisdiction of the City Council.

Meetings.

Further it was arranged that the positions of the outside employees and their attitude generally should be placed before the other three unions. In this connection the firemen are holding two meetings to-day an hour apart, the police also will hold two meetings to-day at times to permit the attendance of all the men, while the outside civic employees will meet to-night.

On behalf of the outside civic employees the unions named will be asked by their officers to take a strike vote if the demand for re-instatement of all outside civic employees should be refused by the City Council.

A delegation of outside civic employees met the City Council this morning.

A British Protest.

London, June 26.—(Reuter's).—The British Labor Party Conference at Southport has passed a resolution protesting against the attempt of the Canadian Government secretly to deport British-born leaders of labor for participation in recent industrial disputes in the Dominion and urging the British Government to use its influence to prevent the Canadian Government from proceeding with such a step.

Strike Bulletin.

Winnipeg, June 26.—"The Enlightener," published by the Central Strike Press Committee here, under the heading "Meetings express indignation at the action of the General Strike Committee in calling off the strike," says:

"The workers most likely will demand a statement from their representatives on the General Strike Committee as to their high-handed action in calling off the general strike, and the consensus of opinion is that a referendum should have been taken."

Editorially, however, the publication states that confidence must be reposed in the General Strike Committee.

"For six weeks it has had the privilege of guiding the destiny of the greatest strike in the history of the city," it says. "Never before have the workers shown such solidarity and such general willingness to make sacrifices for a principle. They have endured hatred, scoffing, abuse, villification, misrepresentation, attempted bulldozing and intimidation, demonstration in force, the arrest of leaders and suppression of The Western Labor News.

"The next fight will be on the political field," it continues. "Unless the Union Government is driven to the country the next municipal election will be the scene of action. . . .

"The House of a Thousand Scandals at Ottawa must not be neglected. Labor must plan how to secure large representation in that body," it says in conclusion.

In Police Court.

Winnipeg, June 26.—One of the largest dockets in the history of the Police Court was that of the special Strike Court held yesterday afternoon. One hundred and seven cases appeared for trial. Ninety per cent. of the cases were those dealing with the riot of Saturday.

Rev. Wm. Ivens, R. B. Russell, John Queen, A. A. Heaps, R. E. Bray and George Armstrong, the six strike leaders on bail, appeared charged with conspiring to execute seditious intention. W. A. Pritchard, S. Blumenburg, Matthew Charitonoff, B. Devyatkin, Oscar Schoppelrei and Moses A. Almazoff, still held on similar charges at Stony Mountain Penitentiary, also were on the docket. A. J. Andrews, K. C., local agent for the Department of Justice, said that he would ask for a remand of eight days for all the accused.

T. J. Murray, together with T. McMurray, will defend the prisoners now in Winnipeg. The men held at Stony Mountain Penitentiary will be defended by M. Hyman. A conference of these three attorneys for the defence was held yesterday morning, when it was decided to ask for a remand.

Separate Charges.

Crown Prosecutor R. B. Graham stated that the persons held in connection with the rioting Saturday charged with intimidation until separate charges can be laid, will all be remanded until next Saturday.

Mrs. Helen Armstrong, charged with counselling to commit an indictable offence, was committed for trial.

J. S. Woodsworth, acting editor of The Western Labor News, was remanded until Wednesday.

Postal Workers.

A delegation of postal workers left for Ottawa yesterday to plead for the reinstatement of employees of the postal office, who went out on the sympathetic strike. Lawrence Pickup, J. V. Johnson and H. Sibberts are the delegates.

They expect to meet officials of the Post Office Department Friday.

Commission's Report.

Winnipeg, June 26.—A special dispatch to The Winnipeg Free Press from its Ottawa correspondent says:

"Important and far-reaching recommendations designed to bring about better relations between labor and capital and to improve conditions are incorporated in the report of the Industrial Relations Committee, under Mr. Justice Mathers, which is expected to submit its findings to the Government Friday. The Commission will recommend that a conference be held immediately with the provincial authorities with a view toward bringing about the following reforms:

"1. An eight-hour day throughout Canada.

"2. A minimum wage for both male and female workers.

"3. Collective bargaining as prescribed by the railway unions.

"The Commission will further recommend that the Dominion Government take steps as soon as possible for the formation of industrial councils on the Whitley plan as adopted in in the United Kingdom.

At Prince Rupert.

Prince Rupert, June 26.—The Canadian Fish & Cold Storage Company and the Prince Rupert Drydock Company are willing to have any men who went on strike return to their old jobs without discrimination.

The G. T. P. has prepared to take back as many men as may be required. About a dozen cannot be reinstated. The company made it clear to a strike deputation that under no consideration would two of the strikers be taken back. An outline of the railway's attitude was sent to Winnipeg with the request that it be laid before the Big Four. On the question of reinstatement the company told the deputation that if the commission sitting in Winnipeg should decide on a reinstantment the company would fall in line.

Tacoma Unions.

Tacoma, June 26.—The first step toward arranging the Tacoma labor unions' representation at the proposed "One Big Union" convention to be held in Seattle should the unions of the state vote to call such a meeting, was taken by the Central Labor Council last night when a committee of three to prepare tentative plans was appointed.

To gain further information the Council also accepted the invitation of Montana labor to send a delegate of the Council to attend a convention of Montana unions at Butte on July 6, when the question of the "One Big Union" plan is to be taken up. W. J. Beard, organizer for the Council, was named.

Nova Scotia Mines.

Sydney, N. S., June 26.—The advisability of a general strike in protest against the action of the Dominion Government in connection with the Winnipeg strike and setting of a date in August for the commencement of a five-day working week, will be the principal subjects for discussion at a meeting of the executive committee of District 26, of the United Mine Workers of America, which is to be held in Sydney on July 22. Delegates will come from various parts of the islands.

On account of the importance of the questions it is quite likely that a general holiday will be declared in July on which a mass meeting will determine the attitude of the rank and file on these questions. Recent polling shows an overwhelming vote in favor of the five-day week.

Discussion at Denver

Denver, Colo., June 26.—Heated discussion of the attitude of members in Winnipeg in joining the general strike in that city was the only interruption to consideration of the report of the beneficiary committee at yesterday's sessions of the Brotherhood of Locomotive Firemen and Enginemen, in triennial convention here.

The discussion was precipitated by the report of Arthur J. Lovell, vice-president of the brotherhood, who returned to Denver yesterday from Winnipeg, where he investigated conditions at the request of the convention. Brotherhood members who joined in the sympathetic strike were bitterly assailed and as warmly defended in the discussion, which ended when it was voted to postpone further consideration until the arrival of George K. Wark, vice-president for Canada, who remained away from the convention to handle the strike situation. Mr. Wark is expected to arrive in Denver soon, in view of the fact that the Winnipeg strike has been declared off.

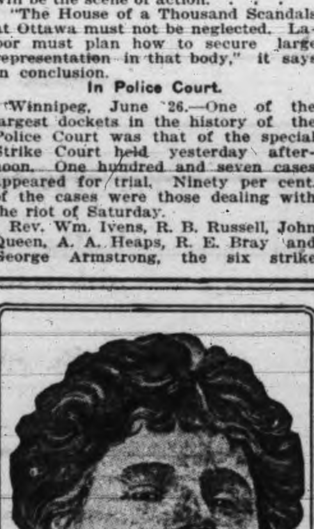
Railroad Trainmen

Cleveland, June 26.—A meeting of the board of directors and vice-presidents of the Brotherhood of Railroad Trainmen was held here yesterday to take action dealing with the illegal strike called by some members of the organization at Winnipeg.

The following resolution was adopted:

"That in view of the illegal strike of members of our Winnipeg lodge, resulting in terminals in that section being tied up, it is deemed necessary that our organization use every effort to furnish members of the brotherhood willing to accept position made vacant by the illegal strike, and that lodges and members of the organization be called upon to furnish such assistance to handle the business of the roads affected."

New York, June 25.—A reward of $10,000 was offered by the Biltmore Hotel to-day for the recovery of the jewels valued at $275,000 owned by Mrs. Regina Millhiser, of Richmond, Va., which mysteriously disappeared from a safe deposit box in the hotel vault.



The Annoyance Of Aching Teeth Is Absolutely Needless

You can get rid of this hindrance to your health, appearance and happiness for all time if you let me give your teeth the expert attention they require.

My modern methods will cause you no undue discomfort and will serve to minimize the expense you must incur to have your teeth made permanently beautiful and sound.

Call or telephone to-day for an appointment. Lady assistants always in attendance.

UNIONISTS FORMING PERMANENT PARTY

Plan Considered at Caucus of Government Members at Ottawa

Ottawa, June 26.—A Government caucus, which subsequently was described aes having been of an enthusiastic character, this morning considered the question of the organization of a permanent Unionist Party. Sir Robert Borden made a speech favoring the principle underlying such a move, during the course of which it is stated that he expressed a willingness to retire from the leadership of the party at any time it was considered in the best interests of the Unionists that the mantle of leadership should fall on other shoulders.

The feeling of the caucus, however, was that the Prime Minister should remain at the helm.

Supported by Majority.

Owing to the fact that the House was to meet at 11.30 a. m. it was impossible for many of the members in attendance to give expression to their views, but it is understood that the great majority of those who spoke favored the consolidation of members who were elected to support the Government into a permanent political party and that definite plans looking to this end will be presented at a caucus to be held at a later date. While it is recognized that all of the Liberal-Unionists elected to support the Government will not join a Unionist Party, the absentees from to-day's caucus including Hon. T. A. Crerar and Dr. Michael Clark, the expectation in Government circles is that the majority of them will do so.

No official statement regarding the caucus was given out but it was intimated that one might be forthcoming later in the day.

TITTONI SPEAKS OF POSITION OF ITALY

Says It Is Less Favorable Now Than When Peace Conference Began

Rome, June 26.—The position of Italy is less favorable now than at the beginning of the Peace Conference because the Italian delegation has approved all that Great Britain and France have asked in Asia and Africa, while those powers have not acknowledged the claims of Italy, Foreign Tittoni declared in an address to the Senate yesterday.

If this situation should continue, he added, Great Britain and France would be at peace and free to demobilize and to heal their wounds, while it would be imossible for Italy to do this because she would not be at peace. Signor Tittoni said he hoped the rights of Italy would be recognized because of her enormous sacrifices.

Former President Orlando, the Foreign Minister continued, had told him of the present status of Italy's negotiations, which he summarized briefly as follows:

"The frontier with the Austrian republic is outlined as we desired.

Adriatic Region.

"Regarding the Adriatic, after President Wilson's message in April, there was the Tardieu compromise, which failed of its object. This was to find a compromise agreeable to our Allies as well as President Wilson, meanwhile keeping firm the pact of London, which President Wilson did not recognize, but which our Allies admitted in its entirety, including the clause assigning Fiume to Croatia.

"No other decision was reached, but Serbia occupied Northern Albania and Greece occupied Smyrna, which was promised us by the agreement of St. Jean Maurienne."

In principle, Signor Tittoni added, the compensation offered Italy in Africa by the British Government was satisfactory. He said he believed the offer of France ought to be increased.

The Foreign Minister called for full and unconditional support for the new Government by Parliament and the country regardless of party.

ALBERTA FARMERS.

Edmonton, June 26.—The new political organization formed by the United Farmers' Association of West Edmonton constituency will be headed by George Bevington, a prominent farmer and exhibitor of Winterburn, who was the unanimous choice of the convention last night. The question of a candidate again came up during the session but it was finally decided to leave the apointment in abeyance until a later date.

SUNKEN EYES BRIGHTEN QUICKLY, HEALTH RETURNS

In a Message to Ailing Women Doctor Hamilton Tells How It is Done

In speaking of the ills from which women suffer, Dr. Hamilton points out that nine out of every ten women are by nature inclined to hapitual constipation. Harsh purgatives are resorted to which only intensify the trouble. Although not generally known, it is a constipated condition of the bowels that causes half the sikness and tired weariness with which all womankind is so familiar. It was after long years of study that Dr. Hamilton perfected the pills which have been of such marvellous benefit to women the world over. In his pills of Mandrake and Butternut every sufferer will find an absolute specific for constipation, sick headache and biliousness. It is safe to say that Dr. Hamilton's Pills bring better health and keep the system in a more vigorous condition than any other medicine ever discovered. At all dealers, in 25c. boxes.

ALLIED POWERS TO EXACT REPARATION FROM GERMANY FOR WAR CRAFT SENT DOWN

(Continued from page 1.)

admiral in command, according to the information which has been collected and transmitted by the British Admiralty. The German admiral in command of these parties of the German naval forces has alleged that he acted in the belief that the armistice expired on June 21 at midnight and consequently in his opinion the destruction was not a violation of its terms.

"In law Germany, by signing the terms of Article 23 set out above, entered into an undertaking that the ships handed over by her should remain in the ports indicated by the Allied and Associated Powers and that care and maintenance parties should be left on board with such instructions and under such orders as would ensure that the armistice should be observed.

Bad Faith.

"The sinking of these ships instead of their preservation as had been provided for, and in breach of the undertaking embodied in Article 31 of the armistice against all acts of destruction, constituted at once a violation of the armistice, the destruction of the pledge handed over, and an act of gross bad faith toward the Allied and Associated powers.

"The admiral in command of the care and maintenance parties belonging to the German naval forces, while recognizing that the act was a breach of the armistice, has attempted to justify it by alleging his belief that the armistice had come to an end.

Not Well Founded.

"This alleged justification is not well founded, as under the communication addressed to the German delegation by the Allied and Associated Powers on June 16, 1919, the armistice would only terminate on refusal to sign the peace or if no answer were returned on June 23 at 7 o'clock. According to internation law as embodied particularly in Articles 40 and 41 of the regulations annexed to the Fourth Hague Convention of 1907, every serious violation of an armistice by one of the parties gives the other party the right to denounce it, and even in case of urgency to recommence hostilities at once.

"A violation of the terms of the armistice by individuals acting on their own initiative only confers the right of demanding the punishment of these offenders and, if necessary, indemnity for the losses sustained.

Trial of Germans.

"It will, therefore, be open to the Allied and Associated Powers to bring before a military tribunal the persons responsible for these acts of destruction, so that the appropriate penalties may be imposed. Furthermore, the incident gives the Allied and Associated Powers a right to reparation for the loss caused, and in a consequence a right to proceed to such further measures as the said powers may deem appropriate.

"Lastly, the sinking of the German fleet is not only a violation of the armistice, but can only be regarded by the Allied and Associated Powers as a deliberate breach in advance of the conditions communicated to Germany and now accepted by her. Furthermore, the incident is not an isolated act. The burning or permission for the burning of the French flags which Germany was to restore constitutes another deliberate breach in advance of these same conditions.

Reparation.

"In consequence the Allied and Associated Powers declare that they take note of these signal acts of bad faith and that when the investigations have been completed into all the circumstances they will exact the necessary reparation. It is evident that any repetition of acts like these must have a heavy, unfortunate effect upon the future operation of the treaty which the Germans are about to sign.

"They have made complaint of the fifteen-year period of occupation which the treaty contemplates. They have made complaint that admission to the League of Nations may be too long deferred. How can Germany put forward such claims if she encourages or permits deliberate violations of her written engagements? She can not complain should the Allies use the full powers conferred upon them by the treaty, particularly Article 429, if she on her side deliberately violates its provisions.

(Sgd.) "G. CLEMENCEAU."

Prisoners.

London, June 26.—The Admiralty announces that on the afternoon of June 22 the German officers of the warships sunk at Scapa Flow were formed up on the deck of H. M. S. Revenge under an armed guard, with Admiral von Reuter and his staff in front. Admiral Fremantle told von Reuter he was to consider himself a prisoner of war for violating the terms of the armistice and added that this was a traitorous act, but not the first occasion on which Germans had violated all laws of civilization on the high seas.

Admiral von Reuter replied that he was responsible for what had been done. He said he felt he had done what any British sailor would have done under the same conditions. He would do it again under similar circumstances.

The prisoners then were searched and marched off.

London, June 26.—(Reuter's)—In the House of Commons yesterday, Right Hon. Walter Hume Long, First Lord of the Admiralty, stated that the Allied representatives in Paris were considering the question of reparation for the sinking of the German war vessels. The statement that the crews had been changed periodically was not correct, he said, but invalids had been exchanged.

The total guard and maintenance party had been reduced from 4,700 to about 1,800.

AMERICANS SENDING INTERNED GERMANS BACK TO GERMANY

Charleston, S. C., June 26.—The transport Martha Washington is lying in the harbor here with about 2,000 Germans aboard, prepared to sail for Rotterdam, the exact time of her departure depending upon the arrival of 267 more from Fort Douglas, Utah. Her passengers include enemy aliens arrested in all parts of the United States and interned for the period of the war.

Among the enemy aliens are understood to be Captain Johannes Klattenhoff and several of his officers from the former German steam freighter Liebenfels, which they sank in this harbor. They have served terms in the Federal penitentiary at Atlanta.

It was said here that the Germans will be taken to Rotterdam, whence they will proceed to Germany.

FREIGHT TRAFFIC IS TO BE RESUMED SOON

(Continued from page 1.)

of freight and possibly mail. To the Canadian National would go, of course, the heavy freight, such as lumber and so on.

Mr. Lewis also promised to take into consideration the question of providing the Keating district with accommodation for its fruit shipments, a matter previously taken up with him by Premier Oliver after representations made by the shippers of perishable goods from the localities affected.

From the decision on the part of the Canadian National line it is presumed that the small outlay for repairs to the tracks in that section over which the Government-owned cars will operate will not exceed the $500 mentioned by Mr. Oliver to President Hanna some time ago. On the other hand the people's road will now get the benefit of some $15,000 or $20,000 worth of business per month with little additional cost to itself.

FIGHTING OCCURS IN STREETS OF BERLIN

(Continued from page 1.)

opposing the strike and had called upon the workers not to permit themselves to be "misled by political agitators or be guilty of plunging the country into economic chaos."

In the streets of Berlin there was rioting and plundering on Tuesday night and Wednesday morning. Incited by speeches from agitators in the Alexander Platz, mobs attacked and robbed pedestrians and maltreated isolated soldiers. Troops sent to Alexander Platz were fired upon by crowds in the streets and from the roofs of buildings. They finally succeeded in clearing the streets.

Elsewhere in the city bands of marauders robbed shops and attacked citizens, rifling their pockets.

The neighborhood of the Stettin railroad station was notably disorderly. Street cars were held up while rioters searched the passengers' pockets and stole women's rings. Here, also, soldiers were beaten and shots were fired from roofs and windows, and the soldiers returned the fire.

VANCOUVER-VERNON AEROPLANE FLIGHT

Vernon, June 26.—An outsanding feature of the peace celebration and returned soldiers reunion which will be held in Vernon on August 4 and 5, will be the arrival on the first day of the celebration of an aeroplane, which will make a flight direct from Vancouver to this city without a stop. Mail will be carried, and this will be the longest uninterrupted flight yet undertaken in British Columbia. During the celebration the aeroplane will give exhibitions of fancy flying here, and it is intended to arrange for a "night raid" on the city, with the necessary adjuncts of searchlights, etc. The blowing up of the building by bombs dropped from the machine also is spoken of.

NORTHERN OKANAGAN GAME ASSOCIATION

Vernon, June 26.—Formation of an organization to be known as the Northern Okanagan Fish and Game Association was the result of a meeting which was addressed by R. E. Hose, secretary of the Provincial Game Conservation Board, and which was attended by a large number of local sportsmen. The officers elected were: President, Dr. Van Kleeck, Armstrong; first vice-president, R. T. Meyer, Vernon; second vice-president, A. O. Cochrane; secretary-treasurer, W. T. Gebbie; directors, Lumby, T. A. Norris; Coldstream, R. Venables; Vernon, C. D. Sims; Okanagan Landing, Mr. Munroe; Enderby, Dr. Keith.

FRENCH NAVAL PLANES.

Paris, June 26.—In the Chamber of Deputies yesterday Deputy Emmanuel Brousse introduced an amendment to the naval bill reducing the naval appropriations by 10,000,000 francs. The proposal was rejected. M. Brousse said he submitted the amendment "because the war is over and to avoid a useless expenditure for coal."

SMALLER DEALINGS IN NEW YORK STOCKS

Prices at the Close of Session Were Fractionally Higher

(By Burdick Bros. & Brett, Ltd.)

New York, June 26.—The stock market has developed into a trading affair with fewer transactions. Important interests in Wall Street appear to be in conflict concerning the future course of the market. The borrowing demand for stocks is said to show a large increase in the short interest. The resistance of the market under bear pressure would indicate great buying power. Railroad stocks are growing in favor and the buying side is taken on declines. Rubber stocks are showing great strength as a result of present and prospective demand for rubber goods. The market as a whole was fractionally higher at the close.

TWO-SIDED GRAIN MARKET AT CHICAGO

(By Burdick Bros. & Brett, Ltd.)

Chicago, June 26.—The grain market met a lot of opposition one the late advance and grain appeared for sale on each bulge. The bearishly inclined have so much the worst of it of late that they are content with very small profits and cover on the smallest dip. Weather conditions are good and there is a big amount of corn in store in Chicago which may make an impression in prices before long.

THE FUTURE LOOKS TO ITS WOMEN

In every land women are successfully applying their energy and intelligence to the solution of national problems—civic problems—business problems—home problems. Pictorial Review, the first great woman's magazine to recognize the broadening of women's interests, continues to lead the way in reporting new activities, new opportunities, and the great constructive good that women everywhere are accomplishing!

Mrs. W. K. Vanderbilt

Can a New York society girl do a hard day's work?

CAN a girl brought up in luxury sweep and scrub all day long without going to pieces? Would she stick to drudgery day after day without complaining? Would she stand discomfort, long hours, rough living and no amusements?

These are the questions Mrs. Vanderbilt—the New York society leader—asked herself when she went to France as head of the Red Cross Canteen Service. Read Mrs. Vanderbilt's answers to her own questions in her striking article called "The New Four Hundred" in Pictorial Review for July.

Kathleen Norris

Can you keep a servant?

IF not, is it because women, as employers of labor have failed? How is it that your husband can take your friend's youngest son into his office without lowering his social position while your friend's young daughter cannot come to work in your house on a basis of equality?

Read Kathleen Norris's startlingly original solution of this universal problem entitled "Help, Help, Who Wants Help?"

Color Portraits of the Peace Makers

Wilson—Lloyd George—Clemenceau

THE world will never forget these three great peacemakers. The forceful personality of our president, the indomitable spirit of the British statesman, the fighting soul of the French premier.

These full page portraits in full color included free in Pictorial Review for July.

5 Wonderful Complete Stories

"I wish he was dead"

It's hard to have a shiftless father—especially when you're just a delicate pretty, sensitive, girl. It's much worse to have a jealous husband! Read this remarkable story by George Weston.

She lied to her own son to save him from insanity

One of the most dramatic stories of a mother's sacrifice ever written by an American. We urge you to read "They Know Not What They Do," by Wilbur Daniel Steele.

The cowboys called the baby Tim—but—

They found it on the desert. They christened it Tim, but not one of the boys could feed it, so they sent for the woman. She at once said the baby's name was Maud, not Tim. You'll laugh till you weep over "Mavericks All" by Edward S. O'Reilly.

Would you live alone on an island for six months?

Would you do it for $1,000? Arabella did and was scared stiff till the owner of the island came. How you'll chuckle over "Arabella Upon Setebos," by Marjorie Benton Cooke.

Do you like dog stories?

Did you read the "Call of the Wild?" Have you read the "Bar Sinister?" Then you must read "The King of Smoky Slopes," by Vingie E. Roe—one of the greatest dog stories ever written.

SUMMER FASHIONS

Seventeen pages of the daintiest and most charming frocks for Summer wear, for both women and children. Many of them in the newest and correct color combinations. Silks, crisp ginghams, quaint English prints, chintz, voiles, dotted Swiss and cross-bar dimities—for all these fashionable materials, you can select just the right, smartest and most fashionable styles in Pictorial Review for July; and for every design there is the perfect fitting Pictorial Review Pattern. In Pictorial Review only, can you find such a profusion of beautiful designs for Summer. Make sure of your copy by getting it to-day.

THE GOVERNMENT OF THE PROVINCE OF BRITISH COLUMBIA.

SOUTHERN OKANAGAN LANDS.

NOTICE TO CONTRACTORS.

SEALED TENDERS, superscribed "Tender for Excavation of 1st Unit of Main Irrigation Canal, Southern Okanagan," will be received by the Honorable the Minister of Lands up to 12 o'clock noon of Thursday, the 10th day of July, 1919, for the construction and completion of approximately 8 miles of main irrigation canal from the point of diversion on Okanagan River; together with such excavations for structures incidental thereto as may be required.

Plans, Specifications, Contract and Forms of Tender may be seen on and after the 21st day of June, 1919, at Government Agent's Offices at Fairview and Vancouver, and at the Water Rights Branch, Victoria.

Copies of the Plans and Specifications may be obtained at any of the above offices on deposit of the sum of Ten ($10.00) Dollars, which deposit will be refunded upon the return of the Plans and Specifications accompanied by a proper tender.

Each proposal must be accompanied by:

(a) Consent in writing of a Surety Company acceptable to the Honorable the Attorney-General that should the proposal be accepted it will become surety in the sum of Twenty-five Thousand ($25,000.00) Dollars for the faithful performance of the Contract, or

(b) An accepted bank cheque on a chartered bank of Canada, made payable to the Honorable the Minister of Lands, for the sum of Three Thousand Five Hundred ($3,500.00) Dollars, which shall be forfeited if the party tendering declines to enter into contract when called upon to do so, or if he fails to complete the work contracted for. The cheques of unsuccessful tenderers will be returned to them upon the execution of the contract.

Tenders will not be considered unless made out on the forms supplied, signed with the actual signature of the tenderer, and enclosed in the envelopes furnished.

The lowest or any tender not necessarily accepted.

ASK GOVERNMENT FOR "H.-C.-OF-L." BONUSES

Provincial Civil Servants Wait Upon Members of the Cabinet

At a meeting of the Provincial Cabinet yesterday afternoon a number of civil servants employed in the Parliament Buildings asked that consideration be given by the Government to a request for a high-cost-of-living bonus. In presenting its case the delegation traversed all the too well known arguments which go to support the case of the man who has not benefited by membership in a trades union.

The bonus asked for ranged all the way from seven and a half to thirty dollars per month, according to general requirements and special cases, and if a concession is made eventually it is presumed that such additional payments would be retroactive to April 1 of the present year, the date upon which the provincial fiscal twelve-month commences.

It is provided by statute that the Civil Service Commissioner may make such recommendations as he may consider fit in this connection and, according to a statement made to The Times by Premier Oliver this morning, Mr. MacInnes has the subject under examination at the present time. When he has completed his investigation it will be his duty to make his report to the Cabinet, whose decision will be largely determined thereby.

PROVINCIAL APPOINTMENTS

Official Gazette Notice of Appointments Already Announced and Others.

In this day's issue of The British Columbia Gazette official notice will be made of the following appointments recommended by the Executive Council and authorized by His Honor the Lieutenant-Governor:

To be Justices of the Peace—Donald Macfayden, of Saturna, and Harry George Perry, of Prince George.

To be Notaries Public—Joseph Walters, M.P.P., of Vancouver; William Grant, of Hazelton, and Robert Stanley Yates, Barrister and Solicitor, of Victoria.

The following appointments already announced are formally gazetted: To be members of the Senate of the University of British Columbia: Lemuel Fergus Robertson, M.A., of Vancouver; the Rev. William Leslie Clay, of Victoria, and Bishop de Pencier, of New Westminster.

To be members of the Board of Governor of the University of British Columbia: Robie Lewis Reid, K.C., Campbell Sweney, and Christopher Spencer, all of Vancouver; and Roderick Fraser, M.D., of Victoria.

COL. RUSSELL RETURNING

Former Commandant of the C. R. E. Will Assume Old Duties on Getting Back.

Lieut.-Col. C. B. Russell, of the Royal Canadian Engineers, is expected to return here shortly from overseas, and will take over the position of commandant of the R. C. E. in this military district.

Col. Russell, then a captain, went overseas in 1916 with the engineers, and saw a great deal of service in France. Before leaving here he was C. R. C. E.

HOME ON SATURDAY

Members of 58th Battery Will Arrive in Vancouver To-morrow About Noon.

According to the latest available information the members of the 58th Battery will arrive in Vancouver about noon to-morrow and will cross over to Victoria on the afternoon boat on Saturday.

Plans for the reception of the eighty native sons are now being completed.

OBITUARY RECORDS

The funeral of the late Dilmon Graham, whose death occurred at the Burdett Hospital early Monday morning, took place yesterday afternoon from the Sands Funeral Chapel. A service at Hampshire Road Methodist Church was conducted by Rev. A. B. Osterhout. Many relatives and friends attended and the floral offerings were numerous and beautiful. The hymns sung were: "Asleep in Jesus, Blessed Sleep," "A Few More Years Shall Roll." The anthem, "If You Love Me," was sung by the choir, H. Davis presiding at the organ. The pallbearers were: T. Pagdon, E. Nicholas, T. Oliver, J. Chapman, E. Grist and E. E. Wescott. Interment took place at Ross Bay Cemetery.

The funeral of the late Alexandare Marks Jeffares, who passed away at the Burdett Private Hospital will be held from the B. C. Funeral Chapel at 2.45 to-morrow afternoon, proceeding to Christ Church Cathedral where service will be conducted by the Rev. J. W. Flinton at 3 o'clock. Interment will be made at Ross Bay Cemetery.

Save Your Discount

NOTICE TO PROVINCIAL GOVERNMENT TAXPAYERS.

The attention of taxpayers is drawn to the fact that the period during which the discount of 10 per cent. is allowed expires on the 30th instant. This refers to Land and School Taxes in North Saanich, Esquimalt, Metchosin, Goldstream, Highland, Sooke, Otter Point, Malahat and Port Renfrew Districts. Personal Property and Income, Victoria City, Corporations, etc.

Women Are Anxious Regarding Franchise; Wire Prime Minister

Sir Robert Borden, Prime Minister, has been asked for an indication of the Government's policy with regard to the political enfranchisement of women.

Mrs. Willsecroft, President of the Women's Independent Political Association, was asked to wire last evening on the subject by the members of the executive, in view of the expected rising of Parliament at the end of next week.

Up to a late hour this afternoon no reply had been received.

SMALLER NUMBER OF REGISTRATIONS NOTED

Official Notification of Large Local Incorporation With $2,850,000 Capital

L'Air Liquide, a Limited Liability Company for the study and working of the Georges Claude Processes, incorporated in France, is now registered to do business in British Columbia, authorized capital, Frs.15,000,000; head office, Vancouver.

P. Pastere & Company, Limited, incorporated by letters patent of the Dominion of Canada, is now licensed to do business in British Columbia, authorized capital, $100,000; head office of the company, Victoria.

LITTLE CHANGE IN CITY TEACHING STAFF

Holidays Will Begin To-morrow After Exercises Occur at Schools

Closing exercises, which will bring to an end the school term of 1918-1919, will take place in a number of the city schools during the next twenty-four hours. In fact it is anticipated that by noon to-morrow most of the school staffs will have closed their classes, and adjourned for the term. The actual teaching weeks in the late school year have been fewer than for many years, so that the results of the instruction are bound to be affected.

Whether the steady advance in the salaries under pressure from the teachers has had anything to do with the limited number of resignations is uncertain, but at any rate there are fewer alterations in prospect in the city schools next term.

Miss Alice Corrie, of the High School, and Mrs. Violet Hardy, of Beacon Hill School, are the two teachers who have intimated their intention of withdrawing. Only one resignation has been received in the Saanich schools.

The summer holidays will apparently be of the same length as in previous years, although various suggestions have been made with regard to shortening the period owing to the heavy loss of time due to the influenza epidemic, and other causes.

The Boys' Central School Cadet Corps will receive the Campaigners and Forsythe Shields at a presentation this evening by Major-General Leckie, C. M. G. There will be an exhibition of school work in connection with the function.

NET CHAMPIONS LOSE AT BERKELEY TOURNEY

Mrs. Wm. Henry and Miss Sutton Win Hard Match, 6-4, 6-4

Berkley, Cal., June 25.—Mrs. J. C. Cushing and Miss Carmen Tarilton, Pacific Coast women doubles tennis champions were defeated to-day in the Pacific Coast championship tournament on the University of California courts by Mrs. William Henry, of Los Angeles, and Miss Florence Sutton, of Santa Monica, Cal., by a score of 6-4, 6-4.

Miss Mayme Macdonald, of Seattle, Pacific Northwestern champion, failed to play up to form in her match with Miss Sutton, the former champion winning 6-0, 6-0.

Other champions won their matches to-day, but were forced to extend themselves. Miss Anita Myers, Pacific coast women's singles champion, and Miss Marjorie Wale engaged in a Marathon contest, the former winning 12-10, 6-4.

Roland Roberts, the present titleholder defeated Carl Graham after losing the first set 3-6, 8-6, 6-4.

William Johnston, former national champion, remained a candidate for the coast title by defeating C. Stickney, 6-1, 6-4.

Notice. The Farmers' Co-operative Association have opened their meat market at 1417-19 Broad Street. We are out to reduce the high cost of living.

REPEAL LAW WHICH PROHIBITED FOOD WASTAGE IN CANADA

War Measure Repealed in April Last; Prune Case Cannot Proceed

Through the repeal of one of the Orders-in-Council passed during the war period for the conservation and distribution of food, it will now be possible for a person or firm to store foodstuffs in any quantities and keep them off the markets until the desired price is obtained, and in event of the commodities going bad while in storage to dump them into the sea or dispose of them in any other manner.

This startling disclosure was made when City Prosecutor Harrison investigated the case of the recent destruction of a large shipment of prunes. On telegraphing to Ottawa to ascertain whether the Order-in-Council was still effective the reply was received that it had been cancelled on April 12 last.

The Order-in-Council under discussion was passed on March 12, 1918, and prohibited the wilful waste of any food or food product where such waste resulted from carelessness, or from the manner of storage thereof, or was due to any other avoidable cause. It also directed that each Municipality should enforce the regulation within its municipal rights.

Further the Order-in-Council also made it possible for the Canada Food Board to issue orders fixing the amount of any kind or food or food products that might be purchased or held by any person whether such food or food products were purchased or held for sale, exportation or private consumption, and might seize any food or food product held there after purchase or held in excess of the amount so prescribed.

Anyone convicted under this Order-in-Council was liable to a fine of not more than $1,000 and not less than $100.

At a recent meeting of the James Bay Consumers' League the matter of a waste of prunes was brought up. It appeared that a large quantity of this fruit was held off the market to keep the price up and during the time it was kept in storage the stock decomposed. Subsequently the shipment was dumped into the sea.

The matter was immediately taken up with Mayor Porter and he enlisted the advice of Mr. Harrison, who on first thought advised His Worship that he believed a successful prosecution could be conducted. Later he requested Peter Gardner, clerk of the Police Court, to wire the authorities at Ottawa as to the exact status of the Order-in-Council. The reply showed the situation disclosed above.

During the period that the Order-in-Council was effective a number of convictions against warehouses and other parties was obtained and heavy fines were imposed. It was stated by authorities from Ottawa that this order was better enforced in this city than in any other part of Canada.

PATHFINDER DUE BACK

Owing to the heavy fogs and rain in the Terminal City the aeroplane Pathfinder No. 2 was prevented from taking off yesterday afternoon on the return trip with Mrs. J. T. Lowry. It is expected that the machine will leave Minoru Park some time this afternoon.

Meeting To-night Cancelled. — A mass meeting of strikers called for to-night has been cancelled. In its place a meeting has been called for three o'clock this afternoon in the Royal Athletic Park.

☆ ☆ ☆

Red Shield Fund. — Contributions continue to filter in to the Salvation Army headquarters for the Red Shield drive in the old premises of the Northern Crown Bank, Government Street and Yates Street. The final collection of envelopes will take place to-morrow night and cars and volunteers are wanted.

☆ ☆ ☆

Six Months for Assault.—Johnnie Handley was sentenced to six months with hard labor for assaulting Sergt. Boulton in the prison cells on Tuesday morning. Handley became angry over the actions of three policemen to put him into his cells and seized hold of the sergeant's leg and bit him three times. On a charge of vagrancy Handley was sentenced to one month, to run concurrently with the other term.

☆ ☆ ☆

Wedding: Youlden-Kenyon.—A quiet wedding took place Wednesday afternoon at St. John's Church, when Miss Eva Youlden and J. W. Kenyon were united in marriage, the Rev. Canon Hinchliffe officiating. The bride was attended by her sister, Miss Hazel Youlden, while her brother supported the groom. After the ceremony a luncheon was served at the home of the bride's mother, 257 Cook Street. The happy couple left on the afternoon boat for a tour of the Sound cities. On their return they will take up their residence on Fort Street.

ACIDS IN STOMACH CAUSE INDIGESTION

Create Gas, Sourness and Pain. How to Treat.

Medical authorities state that nearly nine-tenths of the cases of stomach trouble, indigestion, sourness, burning, gas, bloating, nausea, etc., are due to an excess of hydrochloric acid in the stomach and not as some believe to a lack of digestive juices. The delicate stomach lining is irritated, digestion is delayed and food sours, causing the disagreeable symptoms which every stomach sufferer knows so well.

Artificial digestents are not needed in such cases and may do real harm. Try laying aside all digestive aids and instead get from any druggist a few ounces of Bisurated Magnesia and take a teaspoonful in a quarter glass of water right after eating. This sweetens the stomach, prevents the formation of excess acid and there is no sourness, gas or pain. Bisurated Magnesia (in powder or tablet form—never liquid or milky) is harmless to the stomach, inexpensive to take and is the most efficient form of magnesia for stomach purposes. It is used by thousands of people who enjoy their meals with no more fear of indigestion.

$100,000,000 FOR NEEDS OF CANADA

Finance Minister Gives Notice of Bill to Authorize Borrowing

Ottawa, June 26.—Formal notice of the bill to authorize further borrowing by the Dominion Government was given to-day by Sir Thomas White. It authorized borrowings to an amount not exceeding $100,000,000, in addition to the sums now authorized but unborrowed, by the issue and sale or pledge of the securities of Canada. The purposes for which the money will be borrowed are set forth as follows:

Paying maturing loans and obligations of Canada, carrying on public works authorized by Parliament and meeting expenditures for general purposes authorized by Parliament.

Harbor Board.

Formal notice has been given by Hon. C. C. Ballantyne of a bill to constitute and appoint a harbor board for the port of St. John, N. B., and to empower the coporation of that city to transfer to the Dominion Government the title and interest of the city in the harbor works for a consideration of $2,000,000.

SINN FEINERS STILL ASK FOR HEARING

Two Agents in Paris Ask Peace Conference to Recognize Them

Paris, June 26.—A supplemental memorandum regarding the claims of the Irish Sinn Feiners to recognition by the Peace Conference was presented yesterday to Premier Clemenceau, along with a letter from Edward de Valera, Arthur Griffiths and Count Plunkett.

In forwarding the memorandum Seam O'Ceallaigh and George Gavan Duffy, Sinn Feln delegates here, suggested that they, being in Paris, were ready to act as Ireland's representatives if the Peace Conference should be unable to grant safe conduct to the delegation previously named.

de Valera Speaks.

New York, June 26.—Edward de Valera, who calls himself "President of the Irish Republic," reiterated here to-day a statement forwarded by him to Premier Clemenceau warning the Peace Conference that "Ireland would not be bound by a peace treaty signed on her behalf by English peace commissioners.

He declared that "the Irish people will scrupulously observe any treaty obligation to which they are legitimately committed, but the British delegates cannot bind Ireland. The only signatures by which Ireland will be bound are those of its own delegates, deliberately chosen."

BRITISH UNIONIST PARTY MAY SPLIT ON COAL MINE ISSUE

London, June 26 (Reuter's)—Parliamentary lobbyists state that Conservative opposition to the nationalization of mines is growing, and there may be a Unionist split if the Government accepts the Sankey report. The Conservatives, like the laborites, are talking of an election before Christmas. The results of the impending by-elections in Swansea and Bothwell, where laborites are opposing Coalitionists, may possibly determine the Government's industrial policy.

$3,233,745 FOR PARKS OF DOMINION

Ottawa, June 26.—The Commons in committee last night approved the proposed appropriations for Dominion lands and parks, totalling $3,233,745.

J. H. Sinclair, Guysboro, protested against increased expenditures. He strongly criticized a vote for Dominion parks, which was $146,000 larger than last year. These parks were pleasure grounds, he said, and the country could not afford large expenditures on them at present.

The Minister of the Interior took the ground that the parks were a valuable asset to the country and brought in a large revenue, owing to foreign travel attracted by them. They had been allowed to run down during the war, and should be put in good condition again.

An item of $25,000,000 for soldier land settlement also was passed.

NORTHWEST TRAP-SHOOTERS HOLD ANNUAL SHOOT

Portland, Oregon, June 25.—Frank M. Troeh, of Vancouver, Washington, triumphed over all the shots entered in the annual trap-shoot of the Northwest Sportsmen's Association, which closed here yesterday. In the day's regular events, Troeh broke 119 targets out of a possible 120. His record for the four days' shooting was 492 targets out of a possible 500. James W. Seavey, of Portland, was placed second with 486 breaks for the four days, while Frank Templeton of Portland was third with 485. Ray Spangle of Pendleton was fourth with 483 breaks.

Lee H. Reid, of Seattle, and High E. Poston, of San Francisco tied first among professionals with 481 each. Frank C. Riehl, of Tacoma, came next among the professionals with 470.

Frank Kaynor, of Seattle, won the Northwest handicap event to-day, with 48 out of 50 broken. C. E. McKelvey, of Seattle, won the Smalls handicap in a shoot off with E. H. Keller, of Portland, and Ray Spangle of Pendleton, breaking 25 straight.

ECREMENT ACQUITTED.

Montreal, June 26.—Word was received in Montreal yesterday that Arthur Ecrement, ex-M.P., charged before the grand jury in Buffalo, N. Y., with conspiracy in an alleged fake gambling scheme, whereby Michael Connally, a contractor, lost $125,000, had been acquitted.

Wife not very ill—but never real well

A Message to Husbands

GIVING advice to husbands is generally conceded to be not a very healthy occupation. Also comment as to the causes of marital unhappiness is an unpopular subject.

But, nevertheless, it is an obvious fact that there are in Canada to-day thousands of wives who, while not being sufficiently ill to go to hospital or require a trained nurse—yet are weak, anaemic, nervous and run down, and in this condition they are not happy—their husbands are not happy, and the home life is not what it ought to be.

Good health in a wife makes not only for the ease with which she manages household affairs, but reflects a contentment and calm over the rest of the members.

Husbands! Remember that good health is a valuable possession, and when you see your wife drooping, or in indifferent health, you should see that she gets a tonic.

She needs Wincarnis, which for nearly 40 years has been recognized the world over as the one great tonic for all who are weak, anaemic, nervous or run down. Wincarnis is not merely a tonic—it is a Tonic, a Restorative, a blood maker, and Nerve-Food all in one. It re-invigorates and revitalizes the whole system and has transformed countless thousands of people from a listless weary condition, to the glorious feeling of robust health.

If your wife is run down, get her a bottle of Wincarnis to-day.

Ask your Doctor. Get it at your Druggist's.

WINCARNIS
The Famous English Tonic

A combination of Extract of Beef, Extract of Malt, Iron and Manganese, Glycerophosphates of Calcium Potassium and Sodium with a specially selected wine. A Tonic, Restorative, Blood-builder and Nerve-food. Prescribed by the Medical profession for Anaemia, Debility, Sleeplessness, Brain Fag, Nervousness, Lowered Vitality, La Grippe, Maternity-weakness and Convalescence from any illness.

In two sizes: $1.00 and (extra large bottle) $1.75

Proprietors: COLEMAN & CO., WINCARNIS WORKS, NORWICH, ENG.

REPORTS DENIED BY GEN. MEWBURN

Says Soldiers For Siberia Not Forced Aboard Steamship at Victoria

Ottawa, June 26.—In the House of Commons yesterday afternoon Joseph Archambault, Liberal member for Chambly and Vercheres, stated that he had been informed by a member of the Canadian Siberian Expeditionary Force who had just returned that members of this force had been subjected to ill-treatment by the military authorities. According to his information, said Mr. Archambault, some of these soldiers had been forced to go on board the steamship Protesilaus for Siberia at the point of the bayonet. Some of these men had been given two years' hard labor by the military authorities and were still in Siberia.

Major-General Mewburn, Minister of Militia, replied that he had no such information. He knew of no troops being forced to board vessels for Siberia at the point of the bayonet.

WINNIPEG SITUATION PREVENTS GOLF ENTRY

Winnipeg, June 24.—Much to the disappointment of the officers of the Manitoba Golf Association, the proposed visit of the Winnipeg team of golfers to take part in the Canadian championships to be held at Toronto this month has been abandoned owing to the unsettled conditions in Winnipeg at present. Local golfers are badly out of practice owing to the lack of play, there not being a club event pulled off for more than a month and those anticipating the jaunt have been forced to call it off.

A rare feat in the golfing world was accomplished by Wesley McCurdy at the Winnipeg club on Saturday, when he made the sixteenth hole in one.

The shot is over a bog some ninety yards and the ball pitched nicely right into the hole on a high mashie shot from the tee. It is the first time that such a feat has ever been pulled off on this hole.

Evans' War Record

Hamilton, Ont., June 25. — Charles (Chick) Evans, jr., shot a seventy at the Hamilton Golf Club Monday, establishing a new amateur record for the course, but he and his partner were beaten in an exhibition match for the benefit of the Canadian Red Cross, three up and one to play.

Evans and D. E. Sawyer, former Western champion of the United States, were matched against Oswald Kirkby and Gardner White, of New York, in the first of a series of matches, which will last a week.

SHOE PRICES WILL GO HIGHER, SAYS EXPERT

The retail shoe dealers of Victoria are fortunate in having purchased the bulk of their fall and winter shoes early as the growing scarcity and consequent high prices of leather make further advances in the manufacturing of all kinds of shoes absolutely certain. In fact price lists received by local merchants recently show an advance in the wholesale prices of from one to two dollars over the prices of a season ago. This is the third, and in some cases the fourth, advance made by manufacturers and wholesalers since last fall. The hope of the public and shared in by the dealers that shoes might be less expensive will not be fulfilled for a long time to come, the authorities say.

"The fact of the matter is," writes one shoe manufacturer in explaining the situation, "that the action in advancing prices again was made imperative because of the shorter hours and higher wages granted to employees of all shoe factories in addition to the unprecedented advance in the price of hides, skins and finished leather, as well as the scarcity of raw materials and the fast increasing foreign demand, both for our leather and shoes. In fact the advanced shoe prices are not yet sufficiently above the old marks to cover the higher cost of leather and making and in all likelihood there will have to be further advances. No one knows. We thought the market had reached its apex when the armistice was signed more than six months ago, but the advances have been gradual until within a fortnight, since which time they have sky-rocketed beyond all precedent. It is almost impossible to fix prices on shoes for future delivery for, while we have leather on order, it has not been tanned, and there is no telling whether we will get it or not, and if we do, it may cost us much more than we figured for we are placing blanket orders for stock regardless of price."

A hide dealer is authority for the statement that present high prices are due principally to the unusual demand for hides and skins from Europe and to the fact that the Government, which made restrictions during the war which prevented changes in leather prices, while other commodities soared, has removed these restrictions and now also allows the exportation of leather, so that with a short supply and a big demand the advance is only natural.

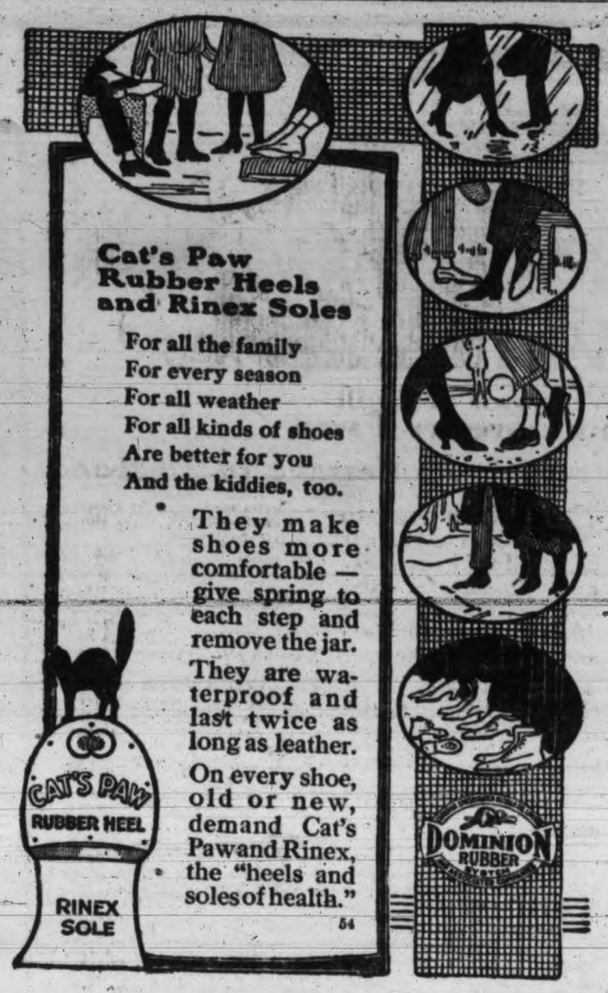
Another important factor to be considered is the exceptional export demand for shoes. Representatives of a Russian syndicate in New York city the other day placed a single order for $24,000,000 of shoes. Another order for 10,000 pairs went to France and still another of 50,000 pairs went to Belgium. A still larger order came from Christiania. It was for 400,000 pairs with the stipulation that 100,000 be shipped immediately. It is reported that the newly created country of Lithuania needs among other commodities, 6,000,000 pair of shoes. In Russia shoes are sold as high as $125 a pair and in France and Belgium they are $35 to $40 a pair. Germany formerly manufactured many shoes and much leather, but this industry is now at a standstill. When peace is finally declared this and other of the former Central Powers will want shoes by the million pairs also.

AVIATION PLANS IN UNITED STATES

Washington, June 26.—Without debate the Senate to-day approved a committee amendment to the naval appropriation bill increasing the fund for aviation from the $15,000,000 voted by the House to $35,000,000. As revised upward by the Senate Committee the bill carries about $728,000,000, as compared with $485,000,000 provided by the House. Among the important committee additions are $10,000,000 for federal acquisition of the Cape Cod Canal.

TORONTO-NEW YORK AEROPLANE CONTEST

Toronto, June 26.—The Prince of Wales is to start the first international aerial tour in the history of aviation, between Toronto and New York City on August 25 from the Canadian National Exhibition here. It is hoped that the ultimate outcome of the flight will be the linking up of Canada and the United States for practical commercial air travel. Stops will be made at Buffalo, Syracuse and Albany and the contests will start simultaneously from New York and Toronto. Already a $5,000 trophy has been offered by John M. Bowman, of New York, president of the Pershing group of hotels there.



Cat's Paw Rubber Heels and Rinex Soles

For all the family
For every season
For all weather
For all kinds of shoes
Are better for you
And the kiddies, too.

They make shoes more comfortable — give spring to each step and remove the jar.

They are waterproof and last twice as long as leather.

On every shoe, old or new, demand Cat's Paw and Rinex, the "heels and soles of health."

Tacoma, June 25. — Arrived: Strs. Governor, San Francisco; Ketchikan, Alaska. Sailed: Str. Ketchikan, Alaska via Seattle.

CREW DESERTED TENDER ESTEVAN

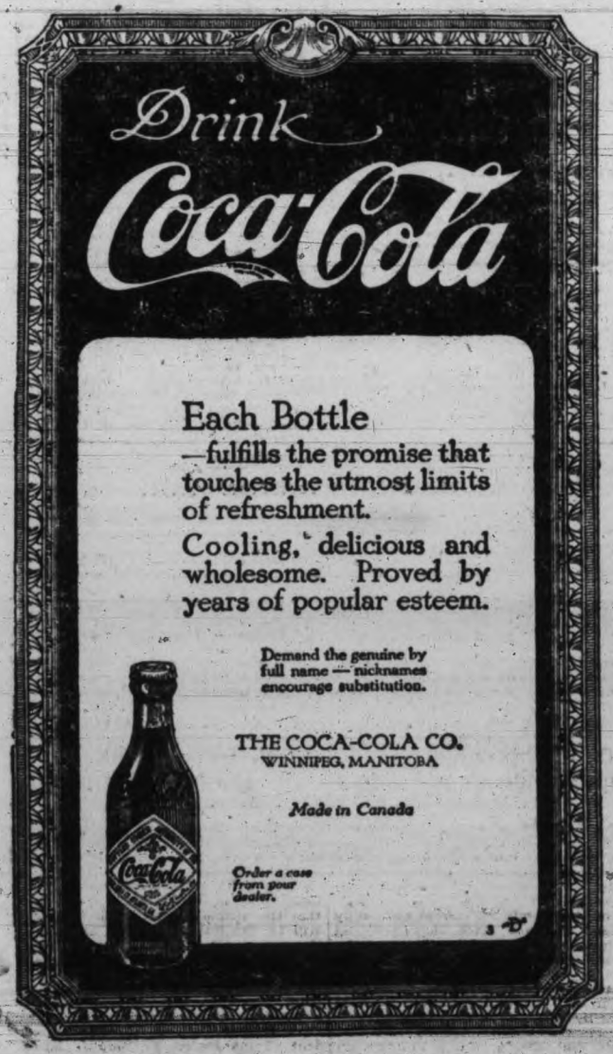
The crew of the Dominion lighthouse tender Estevan quit yesterday afternoon at the call of the Seamens' Union.

The returned soldiers employed aboard the ship were opposed to a walk-out, but the vessel was deserted in spite of their attitude.

It is probable that the Estevan will be manned by a crew of returned men and if this plan succeeds the vessel will proceed to sea.

TANCRED IS AWAY.

The steamer Tancred, laden with coal from Nanaimo, passed out to sea this morning, bound to San Francisco.



Fifty-Eight Cars of Steel Now at Vancouver

First Keel Plate Will Be Laid at Harbor Marine Company's Yard Here During the Early Part of Next Month

Fifty-eight cars of steel consigned to the Harbor Marine Company, Limited, to be used in the construction of two 8,100-ton steel freighters for the Dominion Government, are now on the tracks at Vancouver awaiting shipment to Victoria.

Twenty-five cars of ship plates have already been delivered here and are now stored in the racks at the Hospital Point yard.

With the delivery of the steel now at Vancouver the Harbor Marine Company will be enabled to commence actual construction, and the settlement of the strike will be preliminary to the laying of the first keel plate.

Officials of the Harbor Marine Company anticipate prompt delivery of the delayed steel once the strike is declared off. Even under the present conditions the steel is gradually being moved here by C.P.R. barges from the mainland.

The first keel plates will be laid here early in July, if the present arrangements are adhered to. This means that the force of men employed by the Harbor Marine Company will be materially augmented very shortly.

The calling of a strike here failed to affect over 100 returned soldiers at present employed on the works.

NEW CARGO RATES FOR JAPANESE SHIPS

Three Principal Companies Increase Freights on Unsubsidized Vessels

The three principal Japanese steamship lines, the Nippon Yusen Kaisha, the Osaka Shosen Kaisha and the Toyo Kisen Kaisha, have decided to raise freight rates by unsubsidized ships on the North Pacific route on the outward voyage from Japan, according to news received by the liner Kashima Maru. Most of the Japanese vessels other than those belonging to the three companies mentioned, which were placed on the North Pacific run after the signing of the armistice, have been shifted to the European trade on account of the increased demand for tonnage.

As a result the tonnage on the North Pacific route has decreased considerably, whereas on the other hand shipments from Japan to North Pacific ports have begun to increase. The present conditions are such that the freight contracts already made by the three Japanese companies are effective to September. The rate on general cargo is left unchanged at $9, but that on cereals has been raised from $5 to $7, and that on oils from $5 to $7.50. The new rates go into effect July 1.

In view of the increased cargo offering in Japan the Nippon Yusen Kaisha will shortly place the steamship Wakasa Maru as an extra ship on the North Pacific run.

GALICIA'S DATE OF ARRIVAL SET BACK

Harrison Steamer Bound Here Making Calls at Cuba and Santa Rosalia

Diverted from the usual route by the inclusion of additional ports of call in her itinerary, the British steamship Crown of Galicia, of the Harrison Direct Line, is not looked for at this port before the end of July.

Harold S. Cove, local representative for Balfour, Guthrie & Co., general agents for the Harrison Line, has been advised that the Crown of Galicia is touching at Cuba and Santa Rosalia with freight en route here from the United Kingdom by way of the Panama Canal.

After completing at Santa Rosalia the British freighter will steam for San Francisco and will come on to Victoria from the Golden Gate.

The amount of freight carried by the Galicia for this port is not known, but the agents are inclined to believe that the shipments are not heavy. A full cargo, however, is awaiting the steamship at Seattle and San Francisco for the homeward voyage.

Following the Crown of Galicia from Liverpool will be the Harrison steamship Orator which has been fixed to replace the Musician. The Orator is due to leave the United Kingdom early next month.

CREW OF ESTEVAN RETURN TO WORK

The crew of the lighthouse tender Estevan, which were called out yesterday afternoon, returned to work with the consent of the seamen's union this afternoon, according to a statement made at the Marine Department to-day.

The Estevan will get away this week-end on lighthouse duty.

Judgment is Reserved.—Mr. Justice Martin, in the Admiralty Court yesterday afternoon, after hearing evidence in the case of Clayoquot Sound Canning Co., Ltd., et al, against the C. P. R. steamer Princess Adelaide, in which the fishing schooner Iskum claimed $6,000 salvage, reserved judgment. The defence was that there was no danger to the steamship, and the assistance rendered was not in the nature of salvage.

WOULD WORK WITH MEN, TOO.

The boss was giving instructions to a new clerk.

"Now if you can't wait on a lady immediately, give her something to interest her."

"Eh?"

"Ask her to examine one of our new hand mirrors."—Louisville Courier-Journal.

MASTER OF GERALDINE WOLVIN IS BACK HOME

Capt. Matheson Reports Phenominal Drydock Congestion at Marseilles

After delivering the five-masted auxiliary schooner Geraldine Wolvin at Marseilles, Capt. Matheson, who remained in command of the vessel after she was acquired by French interests, has returned to his home in Victoria.

Capt. Matheson left the Geraldine Wolvin at Marseilles, France, and she still lies there awaiting her turn to enter drydock. When he left the Mediterranean port there were eighty-four deep-sea ships awaiting their turn to drydock, and it was estimated that with ordinary luck and progress the last of the eighty-four would get her drydock berth not sooner than September.

The Geraldine Wolvin was built at the Wallace Shipyards, North Vancouver, and is one of twelve vessels built at Victoria and Vancouver for the Canada West Coast Navigation Company. A number of these ships have been purchased by French interests, including the Esquimalt and Stasia, products of the Cameron Genoa Mills Shipbuilders, Ltd., of Victoria. The Stasia was destroyed by fire at Shanghai when on her way to France.

FIRST SPRING SALMON BROUGHT BY MAQUINNA

The first shipment of spring salmon from the West Coast was landed here this morning by the C. P. R. steamer Princess Maquinna. The shipment consisted of 3,000 cases from Nootka. An additional shipment of 800 cases of salmon was brought here by the Maquinna from San Mateo, Barkley Sound.

HAS SUGAR CARGO.

After passing quarantine at William Head the steamer Baja California, laden with a cargo of sugar from the south, this morning passed up to Vancouver.

In the Fight With Eczema

You Can Depend on Dr. Chase's Ointment to Bring Relief and Cure.

The obstinacy of eczema is well known. The fact that Dr. Chase's Ointment has been able to cure in even the cost severe cases is the best proof of the extraordinary healing powers of this standard ointment.

Cures such as are described in these letters give you some idea of what you may expect from this treatment.

Mrs. Frank Wadge, Midland, Ont., writes: "One of my boys had an attack of eczema, and although I tried different preparations for this trouble, as well as medicines from four doctors, we could not get satisfactory results. Finally, I tried Dr. Chase's Ointment, and from the first I found it gave good results. We used a good treatment of this ointment, and in a short time the eczema was cured. I have also used the ointment with great success for a roughness and rash on my face, which caused me a great deal of trouble. After applying Dr. Chase's Ointment I found instant relief.

"I might also mention that Dr. Chase's Catarrh Powder has proven of great benefit to me. I had difficulty with a stoppage in my nose and head, but the Catarrh Powder relieved it, and I have not been bothered in this way since."

Mrs. P. H. Veale, 19 William Street, Hamilton, Ont., writes: "I can highly recommend Dr. Chase's Ointment, having used it with splendid results where all others failed. My little girl, aged 3½ years, broke out in small yellow blisters, which turned into scabs. They came out in different places on her face, and although I tried a great many salves and ointments none of them did her any good. I got a box of Dr. Chase's Ointment, and after a few applications, I could see the effects of it. Whenever I saw a new spot appearing I would apply the ointment, and before the box was finished she was entirely cured of those horrid sores.

If you would like to try Dr. Chase's Ointment at our expense, send a two-cent stamp to pay postage and we will mail you a sample box free. Full size box 60 cents, at all dealers, or Edmanson, Bates & Co., Limited, Toronto.

INDIGESTION AND CONSTIPATION

Quickly Relieved By "Fruit-a-tives"

Rochon, P. Q.

"I suffered for many years with terrible Indigestion and Constipation. A neighbor advised me to try 'Fruit-a-tives.' I did so and to the surprise of my doctor, I began to improve and he advised me to go on with 'Fruit-a-tives.'

"I consider that I owe my life to 'Fruit-a-tives' and I want to say to those who suffed from Indigestion, Constipation or Headaches—try 'Fruit-a-tives' and you will get well."

CORINE GAUDREAU.

50c. a box, 6 for $2.50, trial size 25c. At all dealers or sent postpaid by Fruit-a-tives Limited, Ottawa.

MAQUINNA SLATED FOR NIGHT SERVICE

West Coast Boat Will Leave For Vancouver To-Morrow night; Barge Service

Announcement is made by the C. P. R. that there will be a night boat out of here to-morrow night for Vancouver. The vessel to be utilized will be the Princess Maquinna and the hour of departure will be 11.45 p. m. On her return trip to Quatsino Sound and other points on the west coast of Vancouver Island, the Princess Maquinna is scheduled to sail from Victoria on July 1.

The daily Gulf service remains the same as usual, the Princess Adelaide and the Princess Patricia alternating between Victoria and Vancouver and Victoria and Seattle.

The sailing hour for Vancouver is 2.30 p. m., and the afternoon boat for Seattle leaves here at 4.30 p. m.

The Skagway service is being taken care of by the Princess Alice, while the Charmer is making the daily run between Vancouver and Nanaimo.

An increased barge service is now being operated by the C. P. R. between Vancouver, Ladysmith and Esquimalt with the result that the freight movement is becoming more normal.

Five Barges Running.

Five barges out of seven are now in commission on the Gulf routes.

No negotiations have been opened as yet with the object of bringing about a settlement of the deckhands dispute. No move has been made by the steamship oprators and the seaman's union appears to be indifferent.

The fact remains, however, that many of the strikers are dissatisfied with the present state of things, and there are indications that unless the dispute is soon settled the men will go back on their own initiative. Some of the original strikers are already back at their duties.

WIRELESS REPORT

The time used is Pacific Standard for the 120th Meridian west. It is counted from 0 to 24 hours, from midnight to midnight. The figures for height serve to distinguish high water from low water. Where blanks occur in the table, the tide rises or falls continuously during two successive tidal periods without turning.

A BIT BEHIND.

The strike was on, and walking home was "the only way." When Johnson arrived at his suburban home in the far north in the small hours of the morning, he sent a wire to the office:

"Will not be at the office to-day. Am not home yesterday yes."

Full Information From Any C.P.R. Agent

MAKURA TO SAIL EARLY NEXT WEEK

June 30 Is Tentative Date Set For Her Departure to Australasia

The departure of the Canadian-Australasian liner Makura on her delayed voyage to the South Seas hinges upon the settlement of the general strike at Vancouver, when it is expected the longshoremen will return to work.

If the sympathetic strike is called off to-morrow, as is now confidently anticipated, cargo will be worked on the Makura, and she will get away early next week for Australasia. The prospective sailing date is June 30, according to the local agents, but it is possible that the liner will be still further delayed.

One hundred and fifty passengers are quartered at Vancouver at the expense of the steamship company awaiting the sailing of the Makura.

The agents have no additional information regarding the sailing of the liner Niagara from Auckland, from which port she was last scheduled to sail on June 23.

Monteagle Indefinite

The C. P. O. S. liner Monteagle is scheduled to sail to-day for the Orient, but owing to delay in unloading her inward cargo the date of departure is somewhat indefinite. The Oriental cargo was unloaded by volunteer longshoremen. Capt. A. J. Hailey, R.N.R., will remain ashore to take over the command of the liner Empress of Asia. In point of seniority Capt. Hosken, formerly chief officer of the Empress of Russia, is in line to take over the Monteagle.

ON ERRAND OF MERCY WHEN BOMB FELL ON HIS EMPTY BILLET

Father Anselm Wood Had Full Mead of Excitement on Western Front

War's vicissitudes made the life of a padre attached to the Canadian troops anything but an uneventful one, and to Captain, the Rev. Anselm Wood, who this week returned from overseas, fell many interesting experiences. Since leaving Victoria in August, 1917, Father Wood has been with the troops in some of the most thrilling crisis of the war, accompanied them on their victorious march into Germany, and ministered to them, when irritated by the apparently leisurely methods of the authorities, and longing to return to their homes in Canada, they were in a ferment of discontent at Kinmel Park Camp.

Narrow Escapes.

Doffing the garb of a priest of St. Andrew's Cathedral, Captain Wood left Victoria for overseas service early in August, 1917. On his arrival in England he was attached to the 208th Battalion with the 5th Division, but after a short time with that unit was transferred to the Railway Troops Depot at Purfleet. On breaking up of the 5th Division he went to France in March, 1918, arriving in time to participate in the most critical period of the war, when the odds seemed to favor the enemy.

The padre was attached to the 26th Battalion, 2nd Division and accompanied the troops on their memorable "push" remaining with them until the end of July. During this period he experienced several narrow escapes, on one occasion his steel helmet being pierced with a large splinter of shrapnel, while at another time his horse was severely wounded. A dose of Hun gas sent Captain Wood into a hospital for three days and, although but a slight dose in comparison to that received by many of the soldiers, has left him the legacy of an affected throat.

Bombs and Flu Germs.

At the end of July he was sent for duty to No. 3 Canadian General Hospital at Boulogne where he remained until the signing of the armistice. Equipped with 2,300 beds, work at the hospital was carried on day and night without cessation and a terrible influenza epedemic added to the sufferings of the patients and further complicated the work of the harassed and overworked staff. During his stay at the hospital he came into close personal contact with the horrors of bombing from hostile air-craft. Much damage was done and many lives lost during these visitations and Capt. Wood had several narrow escapes. On one occasion when the nightly shower of bombs commenced, he left his billet, which was a short distance from the hospital, and went down to the hospital to give what assistance he could. On his return some time later he found that a bomb had demolished his billet and with it all his belongings.

"Business as Usual."

Following the signing of the armistice Capt. Wood was attached to the First Division Artillery on their march to the Rhine. While stationed at headquarters at Cologne, Capt. Wood found ample opportunity to visit a number of towns in the Rhine country. A visit to Bonn was fraught with unusual interest, for the padre received part of his education at the famous German university, and he was surprised to find that, despite the occupation of the town by Allied troops, the university was carrying on its terms as if nothing had happenesd, the place being filled with German students.

Other Times, Other Manners.

In view of his previous knowledge of the Rhine country, Father Wood was particularly interested to notice the change in the attitude of the Germans, especially among the thinking people who realised the extent of the crushing defeat inflicted upon the Fatherland by the Allies. Gone were the German officers who once so arrogantly trod the streets of Cologne and the other Rhine cities and in their place were the khaki-clad Tommies of the British and Canadian forces. The famous "Dom" or cathedral was practically untouched by our airmen in their frequent "strafes" over the city, the only damage being to one of the smaller buttresses. On the other hand considerable damage was effected to the railway station, which was practically in ruins.

At Kinmel Camp.

In the middle of February, Capt. Wood returned to Belgium where the scene of desolation was marked by contrast, and after a short period of duty at Huy and Namur was transferred to England, being attached for duty at Kinmel Park. Questioned as to his opinion of the outbreaks among the troops, Father Wood stated that the trouble was due to the disappointment of the men having to wait so long for homeward sailings. Notification would be given that certain men were scheduled to sail on a certain date. The men would make every arrangement for their departure, bid their friends farewell, and then an hour or two before the time of their expected departure from the camp a curt notice would announce the cancellation of the sailing. Such happenings would occur time and time again, and the cumulative effect of the many disappointments found vent in a growing tide of discontent.

Capt. Wood reached Victoria on Sunday afternoon. In his honor a reception was held at Bishop's Palace on Monday evening, Monsignor Leterme, in the absence of the Bishop, welcoming the popular prelate on behalf of his fellow incumbents, while J. D. O'Connell voiced the good wishes of his parishioners at his safe return.

SATURDAY HALF HOLIDAY AT LOCAL POST OFFICE

As a result of protests received from organized postal employees against distinction being made between one branch of the public service and another in so far as statutory holidays are concerned, and as a result of a request from the employees for a weekly half-holiday, Postmaster Bishop announces the following procedure has been decided upon by the postal authorities:

On Domidion Day the post office will be closed, with the exception that stamps will be sold and the general delivery and registered mail wicket will be open from 8 to 10 a. m.

There will be no delivery by the letter carriers and all outgoing mails due for dispatch on the afternoon and evening of July I will close at 12 noon sharp. Two clearances only will be effected from the street letter boxes.

Commencing on Saturday, June 28, and thereafter, the post office will be closed at 1 p. m. on Saturdays with the exception that postage stamps will be sold and the general delivery and registered mail wickets will remain open for business. There will be no deliveries by letter carriers on Saturday afternoons. The outgoing mails will be dispatched as usual.

Tea and coffee drinkers should know how easily and healthfully
INSTANT POSTUM
takes the place of tea and coffee.

TO STANDARDIZE WORK AMONG GIRLS

Officers Have Been Chosen for Body to Aid 'Teen Age Girls

"The Canadian Girls in Training" movement, which will operate through the Sunday Schools, has been organized here. Under the name of the Victoria and District Local Co-Operative Committee on Girls' Work an organization has been effected.

The officers are as follows: Chairman, Mrs. Charles Bishop; vice-chairman, Mrs. A. J. Daniels; secretary, Miss Helen Henderson; treasurer, Miss Sexsmith.

This committe will comprise all Sunday School teachers of 'teen age girls and anyone interested in girls' work, the superintendents to be corresponding members. A leaders' class will be conducted in St. Andrew's schoolroom on the first, second and third Thursday evenings in July for the purpose of studying methods. To these meetings all 'teen-age girl teachers are invited.

The work among the girls will be carried out on very similar lines to the boys' work known as the Canadian Standard Efficiency Tests. The plan has the approval of religious educationalists of the Protestant denominations, the Canadian Council of Provincial Sunday School Associations, and the Y. W. C. A.
